PACE Bus VanGo Program Presentation

Steven Andrews, Director of Community Relations for the PACE VanGo project, spoke about the program that came out of PACE's traditional van pool program which has been administered for over 30 years. Traditionally, commuters traveling together were able to get to work for a monthly fare. After COVID, there were

shifts in the frequency of how often commuters were using the service. VanGo is a reservation-based service allowing commuters to get from a transit station to their jobs. The vans operate within a specific zone for only \$5 per day. Mr. Andrews stated that the program has been successful elsewhere. Geneva would be the eighth VanGo location and the first within Kane County.

On a question by Ald. Bowring, Mr. Andrews noted that the program can scale up or down depending on use. On a question by Ald. Paschke, Mr. Andrews stated that the geofenced locations have not yet been finalized but that PACE will work with City staff to ensure that areas of interest included. On a question by Ald. Reinecke, Mr. Andrews stated that there are typically 2-4 users at the same location for the VanGo program and that the van is available any day of the week and at various times.

<p>On October 22, 2025 the City Council discussed a Complete Streets Policy at its annual meeting with the Strategic Plan Advisory Committee. Feedback provided, along with input from the Bike and Pedestrian Advisory Committee, was utilized in developing a Complete Streets Policy that formalizes the City's commitment to a philosophy and practice already applied to transportation projects. As written this policy will help create safer and more accessible streets throughout the community, help guide planning and ensure the needs and safety of all users of all modes of transportation, ages, and abilities are considered. Adoption of a Complete Streets Policy is an important component of the 2030 Strategic Plan goals, will help the City achieve Bike Friendly Community designation, and improve the City's competitiveness when seeking transportation related project funding. The policy allows the City to be opportunistic in its approach to improving the transportation network, while providing for necessary exceptions in scenarios where funding, safety, regulation, or other factors present challenges. This policy will also be incorporated into future projects and the updates to the City's comprehensive plan.</p>

City of Geneva, Illinois

Complete Streets Policy

February 2026

Vision & Purpose

The City of Geneva seeks to provide a safe, reliable, and connected network of transportation facilities for all roadway users regardless of age, ability, and mode of transportation. The network will connect key areas of the city including residential neighborhoods, schools, and businesses to help the community thrive.

The policy shall direct decision-makers to consistently plan, design, construct and maintain streets to accommodate all anticipated users including but not limited to pedestrians, bicyclists, individuals with disabilities, motorists, emergency vehicles, freight and commercial vehicles. Thus, the City shall incorporate Complete Streets principles into the City's Comprehensive Plan, Zoning Ordinances, area plans, transportation plans, standards and specifications, documents and other plans, manuals, rules, regulations and programs as appropriate.

Equity

The policy shall consider the transportation needs of all residents. Careful consideration shall be given to ensure that the transportation system provides for the needs of all users regardless of their income, age, race or disability.

Projects and Phases

Every aspect of all decision-making involved in new public works projects will, to the greatest possible extent, consider the needs and safety of roadway users of all modes of transportation, ages, and abilities. The City of Geneva shall approach every transportation and transportation-related improvement and project phase (s) as an opportunity to create safer, more

accessible streets for all users. These phases include, but are not limited to: planning, design, right-of-way acquisition, construction, and reconstruction.

Bicycle parking will be provided in areas frequented by bicyclists, taking into consideration proximity to businesses, other destinations, and the Fox River Trail. Traffic calming measures will be implemented where proximity to pedestrians and bicyclists occurs.

The City will prioritize by available resources and provide necessary accessible routes to schools and other community destinations. Special consideration will be made when placing these accommodations based on the unique properties of the locations under construction. Connecting areas together based on common destinations will be given priority.

It is understood that maintenance activities do not necessarily trigger requirements for major street improvements and should not be expected to do so. However, maintenance activities do present some opportunities that can improve the environment for other roadway users.

Complete Streets principles will be applied on all new City projects, privately funded development and incrementally on existing streets through a series of small improvements and activities over time.

Accountable Exceptions

The City acknowledges exceptions to the Policy may arise and will follow a policy to ensure these exceptions are rare. The following are exceptions that may be considered:

- The project cannot accommodate a specific mode of travel due to prohibition by City ordinance, State, or Federal Law (e.g. pedestrians and bicyclists are not permitted on interstate highways)
- Cost of the facility or accommodation for a specific mode or user type is excessively disproportionate to the need or probable use expected over the next 20 years
- On projects where it can be shown there is no current or future need as specified by local and regional long-range plans
- Projects that are defined as typical and/or regular maintenance of an existing facility (e.g. snow removal, sweeping)
- Projects that were initiated prior to this policy, where additional design and engineering costs would exceed the budget and/or impact the project timeline.

Design Guidelines

Geneva will consult the latest best practices when designing projects, including the most recent editions of:

- The City of Geneva Bicycle and Pedestrian Plan
- American Association of State Highway and Transportation Officials (AASHTO)
 - A Policy on Geometric Design of Highways and Streets
 - Guide for the Development of Bicycle Facilities
 - Guide for the Planning, Design and Operations of Pedestrian Facilities
- American Planning Association (APA)
 - Complete Streets: Best Policy and Implementation Practices
 - U.S. Traffic Calming Manual
- Federal Highway Administration (FHWA)
 - Small Towns and Rural Multi-Modal Networks
 - Manual of Uniform Traffic Control Devices (MUTCD)
 - Illinois Supplement to the MUTCD
- Illinois Department of Transportation
 - Standard Specifications for Road and Bridge Construction, latest edition
 - Supplemental Specifications and Recurring Special Provisions, as adopted
 - Road, Bridge and Other Related Laws of Illinois, latest edition
- National Association of City Transportation Officials (NACTO)
 - Urban Bikeway Design Guide
 - Urban Street Design Guide
- U.S. Access Board:
 - Accessible Public Rights-of-Way: Planning and Designing for Alterations
- Pace: Transit Supportive Guidelines

Context Sensitivity

The City of Geneva shall implement Complete Street solutions in a manner that is sensitive to the local context and character, aligns transportation and land use goals and plans and recognizes that the needs of users may vary by case, neighborhood, or corridor.

Performance Measures

Geneva will use available information to track progress towards implementation of this policy. Performance measures will consist of:

- Accommodations made and infrastructure installed:
 - Lineal miles of bicycle infrastructure installed or improved
 - Quantity of bicycle parking installed or improved, ea.
 - Quantity of sidewalk repaired or replaced, sq. ft.
 - Number of ADA accessible crosswalks added or improved

- Safety:
 - Severe and fatal crash statistics for all modes of transportation using the City of Geneva's reported crash data

Implementation

Implementation of the Complete Streets Policy shall be the responsibility of all City Departments by including the following, but not limited to:

- Educating and continuing to educate the public on the benefits and costs of Complete Streets
- City Staff shall identify current and potential future sources of funding for streets improvements
- Review all new roadway projects, public and private developments and other Complete Streets-related improvements early in the planning process to ensure consistency with this policy and the Bicycle Plan.
- City Staff shall coordinate with external agencies including Illinois Department of Transportation, Kane County, PACE, Regional Transportation Authority, Forest Preserve District of Kane County, Chicago Metropolitan Agency for Planning, Geneva Park District, Geneva Township, other social service and aging agencies, and other similar agencies that integrate bicycle, pedestrian and public transportation facility planning into regional and local transportation planning programs and agencies to encourage connectivity between jurisdictions.
- When available, the City shall encourage Staff professional development and training on non-motorized transportation issues through attending conferences, classes, seminars and workshops.
- Review any requests for exceptions to the Complete Streets Policy and related documentation.
- Maintain or enhance the City's "Bicycle Friendly Community" status
- City Staff will assist the City's Bicycle and Pedestrian Committee and/or other advocates/organizations with bicycle and pedestrian safety education programs amongst schools and/or other entities, and as needed, and coordinate with the Geneva School District to assist with infrastructure related projects within the public right-of-way.

**LICENSE AGREEMENT FOR USE OF PUBLIC UTILITY EASEMENTS/RIGHT-OF-WAY BETWEEN
CITY OF GENEVA AND METRO FIBERNET, LLC**

This License Agreement (the “License”) is entered into this ____ day of _____, 2026 by and between the City of Geneva, IL (the “City”) and **Metro Fibernet, LLC** and its affiliates (the “Licensee”) (collectively, the “Parties”).

WHEREAS, the City of Geneva is an Illinois non-home rule municipal corporation operating under power and authority granted by the laws and Constitution of the State of Illinois; and

WHEREAS, Licensee, a Nevada limited liability company, has been certified by the Illinois Commerce Commission pursuant to Section 13-404 to provide and resell, intrastate and interstate telecommunication services within the State of Illinois and pursuant to Section 13-405 of the Public Utilities Act authorized to provide facilities-based local exchange telecommunications services within the State of Illinois, pursuant to Illinois Commerce Commission Order entered on November 22, 2005; and

WHEREAS, Licensee operates and is registered with the Illinois Department of Revenue as a Telecommunications Retailer under the Telecommunications Infrastructure Maintenance Fee Act (TIMFA) (35 ILCS 635/10 and following).

NOW, THEREFORE, IN CONSIDERATION OF the foregoing recitals, the mutual covenants and obligations herein described, and other good and valuable consideration, the City and Licensee hereby agree as follows:

SECTION 1. This Section has been intentionally deleted.

SECTION 2. Grant of License. Pursuant to the provisions of Section 8-3-1 (c) of the City of Geneva City Code, the City hereby grants a license to Licensee to construct, maintain, operate, and relocate its cables and related appurtenances (“Facilities”) in, under, along, over and across only those public utility easements and rights of ways of the City which rights of way are specifically listed in the Licensee’s application attached at Group Exhibit “A” appended hereto and in which the City of Geneva has jurisdiction (“PUE/Public Ways”, or in the singular “PUE/Public Way”), for the purpose of providing telecommunication services to the City's inhabitants. This License shall be governed by City Code of Geneva, Illinois including but not limited to Title 8, Chapter 3 (Utility Facility Construction) of the City Code of Geneva, Illinois. The terms of the City Code shall govern in the event of a conflict between the terms of this License and the City Code of Geneva, Illinois. This License is subject to Licensee’s compliance with the terms and conditions of Utility Facility Construction provisions of Chapter 3 of Title 8 of the City Code. In the event Licensee requires attachment to any utility pole owned by the City, a separate pole attachment agreement shall be entered into between the parties. The terms and conditions of this License shall be applicable to and binding upon all successors, assigns, subcontractor and materialmen of Licensee.

Notwithstanding the foregoing or anything in the City of Geneva City Code, Licensee shall not be required to pay any additional taxes and fees to the City under this Agreement including for site specific permits, application, inspection, and review fees, so long as 1) Licensee maintains its status

as a Telecommunications Retailer under the Telecommunications Infrastructure Maintenance Fee Act (“TIMFA”) (35 ILCS 635/) and 2) timely pays the taxes imposed by the Simplified Municipal Telecommunications Tax Act (“SMTT”) (35 ILCS 636/5) and Section 4-11-1 of the City Code to the State of Illinois.

SECTION 3. Term. The initial term of this License is ten (10) years commencing on the date of Acceptance by Licensee and shall automatically renew from year-to-year unless either party gives advance written notice to the other party at least 120 days prior to expiration of the initial term or subsequent annual term requesting the parties enter into good faith discussions to reach terms of a new license.

SECTION 4. Hazardous Substances. Licensee will not use or permit the use of any substance, chemical or waste that is identified as hazardous, toxic or dangerous under any Federal, State or local law or regulation that is applicable to the Public Way (“Hazardous Substance”) in violation of any applicable law. Licensee shall not be responsible for the release of any Hazardous Substances that were not brought to the Public Way by Licensee if the release was not due to Licensee’s gross negligence or willful misconduct. This Section 4 shall survive the termination of this License.

SECTION 5. Indemnity. Licensee indemnifies the City, and holds it harmless from, any and all damages, liability and costs arising out of any material breach, misrepresentation, or failure to perform under this License by the indemnifying party, and this indemnification will survive the termination or expiration of this License. This indemnification will not apply to any claims arising from the negligence or intentional misconduct of the indemnified party. Any Party seeking indemnification under this Section 5 shall promptly notify the indemnifying Party in writing describing the claim for indemnification. The failure to provide timely notice of an indemnification claim will not release the indemnifying Party from its obligations under this Section 5 except to the extent that the indemnifying Party is materially and irreversibly prejudiced by such failure. This Section 5 shall survive the termination of this License.

SECTION 6. Dispute Resolution. The Parties hereto plan to use due diligence and use their best efforts and work together to implement this License and amicably resolve their differences. However, the Parties understand that issues and conflicts may arise where they reach an impasse. The Parties acknowledge their desire to reach a working solution by using good faith attempts to resolve such issues and conflicts. Any claim or controversy related to or arising out of the License, whether in contract or in tort (“Dispute”), will be resolved on a confidential basis, according to the following process, which either Party may start by delivering to the other Party a written notice describing the Dispute and the amount involved (“Demand”).

After receipt of a Demand, authorized representatives of the Parties will meet at a mutually agreed upon time and place to try to resolve the Dispute by negotiation. If the Dispute remains unresolved 30 days after receipt of the Demand, the Parties may mutually agree to nonbinding mediation. The mediation will be held in Kane County, Illinois. The Parties will use their best efforts to conclude the mediation as expediently as possible but in no event later than 60 days following commencement of any proceeding, provided there is no interim relief or court action sought that would delay the parties from resolving the Dispute within such 60-day period. If such interim relief or court action is sought, then the Parties will use their best efforts to conclude the mediation within 60 days following the final decision of the court in such action. The parties will select mutually acceptable mediator expense. Each party shall bear its internal expenses and its attorney’s fees and

expenses, and jointly share the cost of the impartial mediator. However, if an agreement cannot be reached through negotiation, either party hereto may resort to a court or tribunal having jurisdiction by applying for relief, without the requirement to post a bond or security, if such party reasonably determines that such relief is necessary because claims for money are not adequate to prevent irreparable injury to it or to a third party. The venue for any such proceeding shall be in Kane County, Illinois. This Section 6 shall survive the termination of this License.

SECTION 7. Termination for Cause. Either Party will be entitled to terminate this License and exercise any equitable remedies for the default of the other Party, after giving 30 days written notice to the defaulting Party. If a default may not reasonably be cured within the 30-day period, this License cannot be terminated if the defaulting Party commences to cure the default within the 30-day period and proceeds with due diligence to fully cure the default.

SECTION 8. Non-Exclusive License. The right to use and occupy the Public Ways shall be nonexclusive, and the City reserves the right to use the Public Ways for itself or any other entity. The City's use, however, shall not unreasonably interfere with Licensee's Facilities or the rights granted Licensee herein.

SECTION 9. City Regulatory Authority. The City reserves the right to adopt such additional ordinances and regulations as may be deemed necessary in the exercise of its police power for the protection of the health, safety and welfare of its citizens and their properties consistent with applicable federal and state law. The City agrees to promptly notify Licensee of any such changes potentially applicable to this License.

SECTION 10. Assignment. Licensee's right, title, or interest in the License shall not be sold, transferred, assigned, or otherwise encumbered without prior notice to and prior approval by the City, such approval not to be unreasonably withheld. Notwithstanding the foregoing, without receipt of consent from City but with prior notice, Licensee may transfer or assign this Agreement to: (i) an entity controlling, controlled by, or under common control with Licensee; (ii) to any party who acquires all or substantially all of Licensee's assets or equity whether by sale, reorganization, merger or otherwise; or (iii) for any rights, title, or interest of Licensee in the License or Facilities in order to secure indebtedness; provided that in all of the foregoing assignments, the assignee acknowledges, in writing, to the City that it acknowledges, adopts and ratifies all of the obligations and provisions of License.

SECTION 11. Amendment. Amendments to the terms and conditions contained herein shall be mutually agreed upon in writing by the City and Licensee.

SECTION 12. Notices. Any notice required or permitted to be given hereunder shall be deemed sufficient if given by a communication in writing and shall be deemed to have been received (a) upon personal delivery or actual receipt thereof or (b) within two days after such notice is deposited in the United States Mail, postage prepaid, certified, and addressed to the Parties as set forth below:

GENERAL NOTES

This Standard is used where any vehicles, equipment, workers or their activities will encroach in the area 15' (4.5 m) to 24' (600) from the edge of pavement.

Calculate L as follows:

SPEED LIMIT	English	Metric
40 mph (70 km/h) or less:	$L = \frac{WS^2}{60}$	$L = \frac{WS^2}{150}$
45 mph (80 km/h) or greater:	$L = (W)(S)$	$L = 0.65(W)(S)$

W = Width of offset in feet (meters).
 S = Normal posted speed mph (km/h).

All dimensions are in inches (millimeters) unless otherwise shown.

① When the work operation exceeds one hour, cones, drums or barricades shall be placed at 25' (8 m) centers for L/3 distance, and at 30' (15 m) centers through the remainder of the work area.

701.14 Signs. When work operations exceed four days, signs shall be post mounted unless the signs are located on the pavement or define a moving or intermittent operation. When approved by the Engineer, temporary sign supports may be used where posts are impractical. When post mounting is not required, either temporary sign supports or sign trailers may be used.

Post mounted signs shall be a "breakaway" design. The signs shall be within five degrees of vertical. Two posts shall be used for signs greater than 16 sq. ft. (1.5 sq m) in area or where the height between the sign and the ground exceeds 7 ft. (2.1 m).

Signs on temporary supports shall meet the requirements of NCHRP Report 350 or MASH. Documentation of meeting the requirements shall be the FHWA letter stating acceptance of the sign support system for the required test level. The signs shall be supported within 20 degrees of vertical. Weights used to stabilize signs shall be attached to the sign support as per the manufacturer's specifications.

Sign trailers, when erected, shall have their tires resting on the ground or elevated a maximum of 6 in. (150 mm) above the ground. Weights used to stabilize the trailer shall be sandbags mounted a maximum of 12 in. (300 mm) above the ground. To prevent wind induced rolling of the trailer, the wheels shall be chocked with sandbags or the trailer tongue may be pinned. The pinning method shall be designated to give way in the event of a vehicular impact and shall meet the approval of the Engineer.

The sign trailer shall only be attached to its tow vehicle when the sign is actually being moved. The tow vehicle, when not attached to the trailer, shall be parked according to Article 701.11.

Longitudinal dimensions shown on the plans for the placement of signs may be increased up to 100 ft. (30 m) to avoid obstacles, hazards, or to improve sight distance, when approved by the Engineer.

- a) "ROAD CONSTRUCTION AHEAD" Signs. "ROAD CONSTRUCTION AHEAD" (W20-I103) signs shall be erected on all side roads located within the limits of the mainline "ROAD CONSTRUCTION AHEAD" signs.
- b) Work Zone Speed Limit Signs. Work zone speed limit signs assemblies shall be provided and located as shown on the plans. Two additional assemblies shall be placed 500 ft. (150 m) beyond the last entrance ramp for each interchange or sideroad.

All permanent "SPEED LIMIT" signs located within 500 ft. (150 m) in advance of the first work zone speed limit sign to the end of the work zone shall be removed or covered. This work shall be coordinated with the lane closures(s) by promptly establishing a reduced posted speed zone when the lane closures(s) are put into effect and promptly reinstating the posted speed zone when the lane closure(s) are removed.

The work zone speed limit signs and end work zone speed limit signs shown in advance of and at the end of the lane closure(s) shall be used for the entire duration of the closure(s).

The work zone speed limit signs shown within the lane closure(s) shall only be used when workers are present in the closed lane adjacent to traffic. The sign assemblies shown within the lane closure(s) will not be required when worker(s) are located behind a concrete barrier wall.

Standard 701901 – Continued

701.16 Lights. Lights shall be used on devices as required in the traffic control plan and the following table.

Circumstance	Lights Required
First two warning signs on each approach to the work involving a nighttime lane closure and “ROUGH GROOVED SURFACE” (W8-1107) signs	Flashing mono-directional lights
Devices delineating isolated obstacles, excavations, or hazards at night (Does not apply to patching)	Flashing bi-directional lights
Devices delineating obstacles, excavations, or hazards exceeding 100 ft (30 m) in length at night (Does not apply to widening)	Steady burn bi-directional lights
Channelizing devices for nighttime along lane shifts on multilane roads	Steady burn mono-directional lights
Channelizing devices for night time along lane shifts on two lane roads	Steady burn bi-directional lights
Devices in nighttime lane closure tapers on Standards 701316 and 701321	Steady burn bi-directional lights
Devices in nighttime lane closure tapers	Steady burn mono-directional lights

Batteries for the lights shall be replaced on a group basis at such times as may be specified by the Engineer. [SS pg. 609 / 701.16]

1106.02 Devices. Work zone traffic control devices and combinations of devices shall meet FHWA crashworthiness standards for their respective categories. The categories are as follows.

Category 1 includes small, lightweight, channelizing, and delineating devices that have been in common use for many years and are known to be crashworthy by crash testing of similar devices or years of demonstrable safe performance. These include cones, tubular markers, flexible delineators, and plastic drums with no attachments. Category 1 devices shall be crash tested and accepted or may be self-certified by the manufacturer.

Category 2 includes devices that are not expected to produce significant vehicular velocity change but may otherwise be hazardous. These include drums and vertical panels with lights, barricades, and portable sign supports. Category 2 devices shall be crash tested and accepted for Test Level 3.

Standard 701901 - Continued

Category 3 includes devices that are expected to cause significant velocity changes or other potentially harmful reactions to impacting vehicles. These include crash cushions (impact attenuators), truck mounted attenuators, and other devices not meeting the definitions of Category 1

or 2. Category 3 devices shall be crash tested and accepted for either Test Level 3 or the test level specified.

Category 4 includes portable or trailer-mounted devices such as arrow boards, changeable message signs, temporary traffic signals, and area lighting supports. Currently, there is no implementation date set for this category and it is exempt from the NCHRP 350 or MASH compliance requirement.

The Contractor shall provide a manufacturer's self-certification letter for each Category 1 device and an FHWA acceptance letter for each Category 2 and Category 3 device used on the contract. The letters shall state the device meets FHWA crashworthiness standards for its respective category and test level, and shall include a detailed drawing of the device. The set-up and use of certified/accepted devices shall be the same as that described in the letter.

1106.01 Signs. Sign faces shall be according to the MUTCD and Section 1091, except as modified herein.

At the time of manufacturing, the retroreflective prismatic sheeting shall meet or exceed the minimum coefficient of retroreflection specified in Article 1091.03 for the sheeting type required by the Department's Fabrications of Highway Signs Policy. Orange signs shall be fluorescent orange in color.

Sign sheeting shall be mounted on materials such as aluminum, rigid plastic, or exterior grade plywood. Signs utilizing a base of fabric, fiberboard, or other highly flexible or frangible material will not be permitted, except signs having a reflective sheeting face bonded to a durable plastic or fabric base will be permitted, (a) in work zones with posted speeds above 45 mph (70 km/hr) when workers are present to maintain the devices and (b) in all work zones having posted speeds of 45 mph (70 km/hr) or less.

Specific requirements for various signs shall be as follows.

- (a) Work Zone Speed Limit Signs. Work zone speed limit sign assemblies shall be as shown on the plans. The individual signs that make up an assembly may be combined on a single panel.
- (b) Flagger Traffic Control Paddle. The "STOP" face shall consist of white letters and border on a red background. The "SLOW" face shall consist of black letters and border on a fluorescent orange background. Areas outside sign borders shall be light blue or black.

The staff may consist of two sections joined by a coupling.

Various Specifications:

1. Lights shall meet be maintained so as to be visible on a clear night from a distance of 3000 ft. (900 m). [SS pg. 1170 / 1106.02]

Section 702. NIGHTTIME WORK ZONE LIGHTING

702.01 Description. This work shall consist of furnishing, installing, maintaining, moving, and removing lighting for nighttime work zones. Nighttime shall be defined as occurring shortly before sunset until after sunrise.

702.02 Materials. The lighting shall consist of mobile and/or stationary lighting systems as required herein for the specific type of construction. Mobile lighting systems shall consist of luminaires attached to construction equipment or moveable carts. Stationary lighting systems shall consist of roadway luminaires mounted on temporary poles or trailer mounted light towers at fixed locations. Some lighting systems, such as balloon lights, may be adapted to both mobile and stationary applications.

702.03 Equipment. The Contractor shall furnish an illuminance meter for use by the Engineer. The meter shall have a digital display calibrated to NIST standards, shall be cosine and color corrected, and shall have an accuracy of \pm five percent. The sensor shall have a level indicator to ensure measurements are taken in a horizontal plane.

CONSTRUCTION REQUIREMENTS

702.04 General. At the preconstruction conference, the Contractor shall submit the type(s) of lighting system to be used and the locations of all devices.

Before nighttime construction may begin, the lighting system shall be demonstrated as being operational.

702.05 Nighttime Flagging. The requirements for nighttime flagging shall be according to Article 701.13 of the Standard Specifications and the glare control requirements contained herein.

702.06 Lighting System Design. The lighting system shall be designed to meet the following.

- (a) **Lighting Levels.** The lighting system shall provide a minimum of 5 foot candles (54 lux) throughout the work area. For mobile operations, the work area shall be defined as 25 ft. (9 m) in front of and behind moving equipment. For stationary operations, the work area shall be defined as the entire area where work is being performed.

Lighting levels will be measured with an illuminance meter. Readings will be taken in a horizontal plane 3 ft. (1 m) above the pavement or ground surface.

- (b) **Glare Control.** The lighting system shall be designed and operated so as to avoid glare that interferes with traffic, workers, or inspection personnel. Lighting systems with flood, spot, or stadium type luminaires shall be aimed downward at the work and rotated outward no greater than 30 degrees from nadir (straight down). Balloon lights shall be positioned at least 12 ft. (3.6 m) above the roadway.

As a large component of glare, the headlights of construction vehicles and equipment shall not be operated within the work zone except as allowed for specific construction operations. Headlights shall never be used when facing oncoming traffic.

Section 702 - Continued

- (c) Light Trespass. The lighting system shall be designed to effectively light the work area without spilling over to adjoining property. When, in the opinion of the Engineer, the lighting is disturbing adjoining property, the Contractor shall modify the lighting arrangement or add hardware to shield the light trespass.

702.07 Construction Operations. The lighting design required above shall be provided at any location where construction equipment is operating or workers are present on foot. When multiple operations are being carried on simultaneously, lighting shall be provided at each separate work area.

The lighting requirements for specific construction operations shall be as follows.

- (a) Installation or Removal of Work Zone Traffic Control. The required lighting level shall be provided at each truck and piece of equipment used during the installation or removal of work zone traffic control. Headlights may be operated in the work zone.
- (b) Milling and Paving. The required lighting level shall be provided by mounting a minimum of one balloon light to each piece of mobile construction equipment used in the work zone. This would include milling machines, mechanical sweepers, material transfer devices, spreading and finishing machines, and rollers; but not include trucks used to transport materials and personnel or other vehicles that are continuously moving in and out of the work zone. The headlights of construction equipment shall not be operated within the work zone.
- (c) Patching. The required lighting level shall be provided at each patching location where work is being performed.
- (d) Pavement Marking and Raised Reflective Pavement Marker Removal/Installation. The striping truck and the attenuator/arrow board trucks may be operated by headlights alone; however, additional lighting may be necessary for the operator of the striping truck to perform the work.

For raised reflective pavement marker removal and installation and other pavement marking operations where workers are on foot, the required lighting level shall be provided at each truck and piece of equipment.

- (e) Layout, Testing, and Inspection. The required lighting level shall be provided for each active area of construction layout, material testing, and inspection. The work area shall be defined as 15 ft. (7.6 m) in front and back of the individual(s) performing the tasks.

702.08 Basis of Payment. This work will be paid for at the contract lump sum price for NIGHTTIME WORK ZONE LIGHTING.

LICENSE AGREEMENT

This License Agreement (“Agreement”) is by and between **City of Geneva**, an Illinois municipal corporation (“Licensor”), and **Pace**, the Suburban Bus Division of the Regional Transportation Authority, an Illinois municipal corporation (“Licensee”).

Licensee was established under the Regional Transportation Authority Act (70 ILCS 3615/1.01 et seq.) to aid and assist public transportation in the six-county northeastern Illinois area.

Licensor is the sole titleholder of the real property identified by P.I.N. 12-10-205-010 and depicted in Exhibit A (“Property”).

Licensee wants to use a portion of the Property for parking in connection with Licensee’s VanGo Pilot Vehicle Program (“Program”), and Licensor wants to grant a license to Licensee for that purpose.

In consideration of the foregoing recitals, the mutual promises contained in this Agreement, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. **Grant and Scope of License.** Licensor grants a non-exclusive license to Licensee to use a portion of the Property, consisting of two (2) parking spaces (“Licensed Area”) to park Pace-owned Program vehicles (“Vehicles”) up to 24 hours a day, seven (7) days a week, as depicted in Exhibit A (“License”). Licensor shall allow Program drivers and riders to use such other portions of the Property as may reasonably be required for access to and from the Licensed Area, shall prevent obstruction of and/or interference with that access, and shall ensure that no parking tickets are issued to any Vehicle parked in the Licensed Area. Licensor will not be entitled to any payment for the License. Licensee will not be obligated to obtain any permits or pay any fees, costs, parking fines, or charges in connection with Licensee’s use of the Licensed Area. No Vehicle maintenance or repair is permitted on the Licensed Area.

Licensor represents and warrants to Licensee that the Licensed Area is located completely within the boundary lines of the Property.

2. **Effective Date.** This Agreement will be in effect beginning on the date on which Licensee signs this Agreement (“Effective Date”). If a party signs this Agreement but fails to date its signature, the date that the other party receives the signing party’s signature on this Agreement will be deemed to be the date that the signing party signed this Agreement.

3. **Term and Termination.** This Agreement will remain in effect for an initial term of two (2) years following the Effective Date and will thereafter continue in full force and effect unless terminated by either party upon a minimum of 60 days’ advance written notice to the other party.

4. **Repair and Maintenance.** Licensor, at no cost or expense to Licensee, shall perform or cause to have performed:

- (a) all Property repair; provided, however, Licensee will be responsible for the reasonable costs of repairing any damage to the Property caused by Licensee’s use thereof, ordinary wear and tear excluded. Such costs must be agreed upon by the parties prior to the commencement of the repair work.

- (b) all Property maintenance, including snow removal from and deicing of the Licensed Area; provided, however, Licensor will not be obligated to remove snow from or de-ice that portion of the Licensed Area on which a Vehicle is parked, and Licensee will not be obligated to move any Vehicle parked on the Licensed Area for Licensor to perform snow removal or de-icing of the Licensed Area. Snow removal means the clearing away of snow. De-icing means applying rock salt and/or other de-icing products to surfaces to remove ice from and/or prevent ice from accumulating on those surfaces.
- 5. **Utilities.** Licensor shall utilize the existing lighting on the Property to keep the Property well-lit from 6:00 a.m. to 9:00 p.m. Central Time each day. Licensee will not be responsible for the payment of any bills for utility services to the Property, including water, electric, gas, and telephone.
- 6. **Signposts.** Licensee, at no cost or expense to Licensor, shall:
 - (a) install or cause to have installed two signposts on the Property to identify the Licensed Area for Program drivers and riders, provided Licensee obtains Licensor's prior written approval of the size, content, location, and materials used for the construction of the signposts, which approval must not be unreasonably withheld, delayed, or conditioned;
 - (b) perform or cause to have performed signpost maintenance and repair; and
 - (c) remove or cause to have removed the signposts and restore or cause to have restored the area upon which each signpost was located to the same condition as existed prior to signpost installation within 30 days after expiration or termination of this Agreement, ordinary wear and tear excluded. Licensor shall allow Licensee to continue to use the Property for purposes of that removal and restoration work.
- 7. **Redesignation of Licensed Area.** Licensor shall provide Licensee with a minimum of 60 days' advance written notice of any maintenance or repair work or other circumstances that will obstruct or interfere with Licensee's use of the Licensed Area. In the event of that notice, Licensor shall, in cooperation with Licensee, redesignate the Licensed Area ("Redesignated Licensed Area"). The Redesignated Licensed Area must include two adjacent parking spaces, if available, on the Property; will be subject to Licensee's prior written approval, which must not be unreasonably withheld, delayed, or conditioned; and will continue until Licensor provides Licensee with written notice that the maintenance or repair work or other circumstances have ended in which event Licensee's use of the Licensed Area will resume. The terms and conditions in this Agreement will apply to the Redesignated Licensed Area to the same extent as they apply to the Licensed Area.
- 8. **Security.** Licensee acknowledges that Licensor does not provide security to vehicles parked on the Property and that Licensor is under no duty or obligation to provide any such security.
- 9. **Indemnification.** Licensor shall indemnify, defend, and hold harmless Licensee, the Regional Transportation Authority, and their respective directors, officers, employees, and agents from and against any and all liability, losses, damages, claims, suits, payments, settlements,

judgments, demands, awards, expenses, and costs, including attorneys' fees, resulting from Licensor's intentional or negligent acts or omissions concerning Property repair and maintenance, including snow removal and deicing. Licensee shall indemnify, defend, and hold harmless Licensor and Licensor's directors, officers, employees, and agents from and against any and all liability, losses, damages, claims, suits, payments, settlements, judgments, demands, awards, expenses, and costs, including attorneys' fees, resulting from Licensee's intentional or negligent acts or omissions concerning Licensee's use of the Licensed Area, ordinary wear and tear excluded.

10. **Insurance.** Throughout the term of this Agreement and for a period of one year thereafter:
- (a) Licensor shall maintain: (1) Commercial General Liability Insurance (Broad Form) with limits no less than \$1,000,000 each occurrence and an aggregate limit not less than \$2,000,000; (2) Business Automobile Liability Insurance with a Combined Single Limit of not less than \$1,000,000 per accident for bodily injury and property damage combined; and (3) Workers Compensation Insurance with limits no less than Coverage A – Statutory Benefits and Coverage B – Employers Liability of \$500,000 each accident. Licensor's General Liability policy must name the Regional Transportation Authority (RTA) and Pace, the Suburban Bus Division of the RTA, as additional insureds.
 - (b) Licensee shall maintain: (1) Commercial General Liability Insurance (Broad Form) with limits no less than \$1,000,000 each occurrence and an aggregate limit not less than \$2,000,000; (2) Business Automobile Liability Insurance with a Combined Single Limit of not less than \$1,000,000 per accident for bodily injury and property damage combined; and (3) Workers Compensation Insurance with limits no less than Coverage A – Statutory Benefits and Coverage B – Employers Liability – \$500,000 each accident. Licensee's General Liability policy must name Licensor as an additional insured.

Any company writing insurance that the parties are required to maintain under this paragraph must at all times have at least an A.M. Best rating of A-VII. Upon written request, each party shall provide written proof of the insurance required of that party under this paragraph to the requesting party.

12. **Headings.** The headings in this Agreement are for reference and convenience only and will not affect the meaning or interpretation of this Agreement.

13. **Waiver.** Failure of a party to exercise any right or pursue any remedy under this Agreement will not constitute a waiver of that right or remedy.

14. **Binding Effect.** This Agreement will be binding on the parties and their respective directors, officers, employees, agents, representatives, successors, and approved assigns. This paragraph, however, will not operate to permit any transfer, assignment, mortgage, encumbrance, lien, charge, or subletting by Licensee of the Licensed Area, which Licensee acknowledges it has no such right or power to do so except as permitted under paragraph 19.

15. **Entire Agreement.** This Agreement, including the introductory recitals and attached exhibit, which are hereby incorporated into and made a part of this Agreement, constitutes the entire agreement between the parties and supersedes any prior written or oral understandings, agreements, or representations between the parties that may have related in any way to the subject matter of this Agreement, and no other written or oral warranties, inducements, considerations, promises, representations, or interpretations, which are not expressly addressed in this Agreement, will be implied or impressed upon this Agreement.

16. **Conflict.** In the event of a conflict or ambiguity between the terms and conditions of this Agreement and any exhibit to this Agreement, the terms and conditions of this Agreement will control.

17. **Survival.** Any provision of this Agreement that imposes an obligation after expiration or termination of this Agreement will be deemed to survive expiration or termination of this Agreement.

18. **Severability.** If any provision of this Agreement or amendment thereto is held invalid or unenforceable by an Illinois court of competent jurisdiction, that provision will be deemed severed therefrom, and the remaining provisions will remain in full force and effect.

19. **Assignment.** No party may assign, delegate, or otherwise transfer all or part of its rights and obligations under this Agreement without the prior written consent of the other party.

23. **Force Majeure.** A party will not be held liable to the other party for damages or be deemed to have breached this Agreement for failure or delay in performing any obligation under this Agreement if the failure or delay is caused by or results from causes beyond the reasonable control of and without the fault or negligence of the affected party, including war, fire, flood, other acts of God, civil disturbance, a terrorist act, pandemic, epidemic, or a labor strike or lockout. Executive Summary:			
<p>A comprehensive evaluation of the sanitary sewer system has determined the need for critical infrastructure improvements. The proposed project includes construction of a new sanitary sewer river crossing to reduce the risk of sanitary sewer overflows, add system redundancy, and allow for routine maintenance, as well as a new screening building to replace obsolete facilities and equipment, provide redundant screening capacity, and ensure safe access for staff performing maintenance activities.</p> <p>To fund this project, the City will utilize the IEPA Water Pollution Control Loan Program. This program provides municipalities with low-interest, long-term financing for eligible water and wastewater infrastructure projects, reducing borrowing costs compared to traditional debt. The loan operates on a reimbursement basis, with eligible project costs reimbursed as expenses are incurred, and the final interest rate set after all loan proceeds have been expended based on actual project costs and market conditions at loan close. The interest rate, per the IEPA loan agreement, is not to exceed 2.16%.</p> <p>This debt issuance is subject to the "backdoor referendum" procedures. The City Council approved the authorizing ordinance (Ordinance 2024-42) on October 21, 2024, and the ordinance</p>			

was published in the *Kane County Chronicle* on October 30, 2024. No petitions were filed during the 30-day statutory period, which concluded on November 29, 2024.

This debt issuance is subordinate to all existing and future debt, except for current IEPA loans, which are issued on a parity basis. As a result of this subordination, the City is required to fund and maintain a reserve account equal to the following year's principal and interest payments for all IEPA loans.

Unless waived by the Bond Registrar, the City shall notify the Bond Registrar of the redemption and prepayment of the Bond not less than 30 days prior to the date of redemption. Unless waived by the registered owner of the Bond to be redeemed, official notice of any such redemption and prepayment shall be given by the Bond Registrar on behalf of the City by mailing the redemption notice by registered or certified mail not less than 20 days and not more than 60 days prior to the date fixed for redemption to the registered owner of the Bond at the address shown on the Bond Register or at such other address as is furnished in writing by such registered owner to the Bond Registrar.

All official notices of redemption shall include the proper identification of the Bonds and at least the information as follows:

- (1) the redemption date and the amount of the Bond to be redeemed;
- (2) the redemption price;
- (3) a statement that on the redemption date the redemption price will become due and payable upon such Bond or portion so redeemed and that interest thereon shall cease to accrue from and after said date; and
- (4) the place where such Bond is to be surrendered for payment of the redemption price, which place of payment shall be the office of the Bond Registrar.

Prior to any redemption date, the City shall deposit with the Bond Registrar an amount of money sufficient to pay the redemption price of the Bond or portion so redeemed. Official notice

of redemption having been given as aforesaid, the Bond or portion so redeemed shall, on the redemption date, become due and payable at the redemption price therein specified, and from and after such date (unless the City shall default in the payment of the redemption price) such Bond or portion so redeemed shall cease to bear interest. Upon surrender of the Bond for redemption and prepayment in accordance with said notice, such Bond or portion so redeemed shall be paid by the Bond Registrar at the redemption price. A notation of any partial prepayment shall be made upon a schedule attached to the Bond. In the event of a redemption in part, the IEPA (or subsequent owner) shall promptly promulgate a revised Repayment Schedule based upon the new Outstanding Principal Amount and submit same to the City, which shall approve same and authorize the IEPA (or subsequent owner) to substitute such Repayment Schedule as an attachment to the Bonds.

Section 7. Amendment. The rights and obligations of the City and of the owners of Outstanding Bonds may from time to time be modified or amended by a supplemental ordinance adopted by the Corporate Authorities with the written consent of the registered owners of not less than 2/3 of the principal amount of all Outstanding Bonds (excluding any of said bonds owned by or under the control of the City); *provided, however,* that no such modification or amendment shall extend or change the maturity of or date of redemption prior to maturity, or reduce the interest rate or premium on, or permit the creation of a preference or priority of any Outstanding Bond or Outstanding Bonds over any other Outstanding Bond or Outstanding Bonds, or otherwise alter or impair the obligation of the City to pay the principal of and interest and premium on any of the Outstanding Bonds at the time, place, rate, and in the currency provided therein, or alter or impair the obligations of the City with respect to registration, transfer, exchange or notice of redemption of Bonds, without the express consent of the registered owners of all the Outstanding Bonds affected; nor shall any such modification or amendment reduce the percentage of the registered owners of Outstanding Bonds required for the written consent to such modification or amendment

without the consent of the registered owners of all of the Outstanding Bonds. Ownership of Bonds for purposes of consent by the registered owners thereof shall be conclusively proved by the Bond Register. In obtaining or receiving the consents of registered owners, the City may establish reasonable rules of procedure including, without limitation, rules relating to (i) a record date to fix the registered owners who are entitled to vote, (ii) solicitation of proxies and (iii) a meeting of the registered owners for the taking of actions. The registered owners of Bonds may vote their Bond interest in fractional shares. In the event that Bonds are registered in the name or names of nominees or depositories, consent of such owners by proxy in accordance with the applicable customs of the securities industry or rules of the Securities and Exchange Commission, Municipal Securities Rulemaking Board or other association or agency having jurisdiction shall be sufficient.

Section 8. Execution; Authentication. The Bonds shall be executed on behalf of the City with the manual or duly authorized facsimile signature of the Mayor and attested with the manual or duly authorized facsimile signature of the City Clerk, as they may determine, and shall have impressed or imprinted thereon the corporate seal or facsimile thereof of the City. In case any officer whose signature shall appear on any Bond shall cease to be such officer before the delivery of such Bond, such signature shall nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until delivery.

All Bonds shall have thereon a certificate of authentication substantially in the form hereinafter set forth duly executed by the Bond Registrar as authenticating agent of the City and showing the date of authentication. No Bond shall be valid or obligatory for any purpose or be entitled to any security or benefit under this Ordinance unless and until such certificate of authentication shall have been duly executed by the Bond Registrar by manual signature, and such certificate of authentication upon any such Bond shall be conclusive evidence that such Bond has been authenticated and delivered under this Ordinance. The certificate of authentication on any

Bond shall be deemed to have been executed by it if signed by an authorized officer of the Bond Registrar, but it shall not be necessary that the same officer sign the certificate of authentication on all of the Bonds issued hereunder.

Section 9. Registration of Bonds; Persons Treated as Owners. The City shall cause books (the “*Bond Register*”) for the registration and for the transfer of the Bonds as provided in this Ordinance to be kept at the office of the Bond Registrar, which is hereby constituted and appointed the registrar of the City. The City is authorized to prepare, and the Bond Registrar or such other agent as the City may designate shall keep custody of, multiple Bond blanks executed by the City for use in the transfer of Bonds. Any Bond may be transferred as a whole but not in part but only in the manner, subject to the limitations, and upon payment of the changes as set forth in this Ordinance. Upon surrender for transfer of any Bond at the office of the Bond Registrar, duly endorsed by, or accompanied by a written instrument or instruments of transfer in form satisfactory to the Bond Registrar and duly executed by, the registered owner or his or her attorney duly authorized in writing, the City shall execute and the Bond Registrar shall register the Bond in the name of the new registered owner on the registration grid provided therein, and shall also enter the name and address of the new registered owner in the Bond Register. The Bond Registrar shall not be required to transfer any Bond during the period from the 15th day next preceding any interest payment date on such Bond and ending at the opening of business on such interest payment date, or to transfer or exchange any Bond after notice calling such Bond for redemption has been mailed, or to transfer any Bond during a period of fifteen days next preceding mailing of a notice of redemption of any Bonds. The person in whose name any Bond shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of the principal of or interest on any Bond shall be made only to or upon the order of the registered owner thereof or his or her legal representative. All such payments shall be valid and

effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid. No service charge shall be made for any transfer of Bonds, but the City or the Bond Registrar may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any transfer of Bonds except in the case of the issuance of a Bond or Bonds for the unredeemed portion of a Bond surrendered for redemption.

The “*Outstanding Principal Amount*” is that amount, not to exceed the Face Amount of this Bond as set forth above, shown as advanced in even multiples of \$10 from time to time and received by the City for value, as is noted on this Bond in the form of Advances for Value hereon. The Outstanding Principal Amount of this Bond shall become due and payable pursuant to the schedule of repayment (the “*Repayment Schedule*”) set forth herein and determined in accordance with the Loan Agreement hereinafter defined.

This Bond shall bear interest on the Outstanding Principal Amount from time to time at the rate aforesaid, in each case from the time advanced until paid or duly provided for, such interest

computed on the basis of a 365-day or 366-day year, as applicable, and being payable on the dates provided in the Repayment Schedule. The interest on and all installments of principal of this Bond shall be payable in lawful money of the United States of America upon presentation at the office of the City Treasurer, 22 South First Street, Geneva, Illinois, as bond registrar and paying agent; *provided, however*, that so long as any agency of the State of Illinois or of the U.S. Government or a financial institution is the Registered Owner as shown by the Bond Register, then such payments shall be made by check or draft of the Bond Registrar to the Registered Owner, which check or draft shall be payable in lawful money of the United States of America, and mailed not less than four (4) business days prior to the date when due to the address of the Registered Owner as set forth in the Bond Register, or at such other address as is furnished in writing to the Bond Registrar; but, *provided, further*, that the final installment of principal and interest, when due, shall only be payable upon presentation of this Bond.

This bond and the bonds of the series of which it forms a part (“*Bond*” and “*Bonds*” respectively) are of an authorized issue of Twenty Million Nine Hundred Forty-Nine Thousand Seven-Hundred Fifty Dollars (\$12,949,750), of like dated date and tenor except as to maturity, rate of interest and privilege of redemption. The Bonds are payable solely from the Revenues derived from the operation of the waterworks and sewerage system of the City (the “*System*”) after payment of Operation and Maintenance Costs (the “*Net Revenues*”) and after payment of obligations having a prior lien on such Net Revenues now outstanding or to be issued in the future, all as provided in the Ordinance (defined below), and not otherwise, and are issued under authority of the provisions of Division 139 of Article 11 of the Illinois Municipal Code, as supplemented and amended, and particularly as supplemented by the Local Government Debt Reform Act of the State of Illinois, as amended (collectively, the “*Act*”), for the purposes of paying a portion of the costs of the Project (as defined in the hereinafter defined Ordinance). The Bonds are issued

pursuant to an ordinance passed by the City Council (the “*Corporate Authorities*”) of the City on the 17th day of February, 2026 (the “*Ordinance*”) and pursuant to a Loan Agreement (the “*Loan Agreement*”), as authorized by the Ordinance, by and between the City and the Environmental Protection Agency of the State of Illinois, as initial purchaser for value and Registered Owner hereof. Reference is hereby expressly made to the Ordinance and Loan Agreement for further definitions and terms and to all the provisions of which the holder by the acceptance of this Bond assents. **This Bond does not constitute an indebtedness of the City within the meaning of any constitutional or statutory provision or limitation. This Bond is a limited obligation of the City payable solely from the Net Revenues after payment of the obligations having a prior lien on such Net Revenues now outstanding or to be issued in the future, all as provided in the Ordinance.**

Under the Act and the Ordinance, the Revenues from the operation of the System shall be deposited into the Waterworks and Sewerage Fund, which shall be used only and is hereby pledged for paying Operation and Maintenance Costs, paying the principal of and interest on all bonds of the City that are payable by their terms only from the Revenues of the System (except for the IEPA Bonds, as defined in the Ordinance), providing an adequate depreciation fund, and in making all payments required to maintain the accounts established under the terms of the Ordinance.

This Bond is subject to and subordinate as to the lien on the Revenues of the Prior Alternate Bonds, any Additional Alternate Bonds and any Future Revenue Bonds (each as defined in the Ordinance), the provision for payment of which is made from an account or accounts of the Waterworks and Sewerage Fund having a prior claim on the Revenues. This Bond is issued on a parity with the Existing IEPA Bonds, sharing ratably and equally in the Revenues with said Existing IEPA Bonds. In addition, Bonds may be issued in the future to share in the Revenues of the System on a parity as to lien with or subordinate to the lien of this Bond.

The rights and obligations of the City and of the owners of the Bonds may from time to time be modified or amended by a supplemental ordinance adopted by the Corporate Authorities with the written consent of the owners of not less than two-thirds (2/3rds) of the principal amount of all Bonds then Outstanding (excluding any of said bonds owned by or under the control of the City); *provided, however*, that no such modification or amendment shall extend or change the maturity of or date of redemption prior to maturity, or reduce the interest rate or premium on, or permit the creation of a preference or priority of any Bond or Bonds over any other Bond or Bonds, or otherwise alter or impair the obligation of the City to pay the principal of or interest on any of the Bonds at the time, place, rate and in the currency provided therein or alter or impair the obligations of the City with respect to registration, transfer, exchange or notice of redemption of Bonds, without the express consent of the owners of all the Bonds affected; nor shall any such modification or amendment reduce the percentage of the owners of Bonds required for the written consent to such modification or amendment without the consent of the owners of all of the Outstanding Bonds.

This Bond is subject to redemption and prepayment, at the option of the City, in whole or in part, at any time, at the redemption price of par and accrued interest to the date of redemption, upon the notice as given and further terms as are provided in the Ordinance.

This Bond is transferable as a whole but not in part by the Registered Owner hereof in person or by his or her attorney duly authorized in writing at the office of the Bond Registrar in Geneva, Illinois, only in the manner, subject to the limitations and upon payment of the charges provided in the Ordinance. Upon surrender hereof at the office of the Bond Registrar, accompanied by a written instrument or instruments of transfer in form satisfactory to the Bond Registrar and duly executed by the Registered Owner or an attorney for such owner duly authorized in writing, the Bond Registrar shall register this Bond in the name of the new Registered

Owner on the registration grid provided herein, and shall also enter the name and address of the new registered owner in the Bond Register.

The Bond Registrar shall not be required to transfer this Bond during the period from the close of business on the 15th day next preceding any interest payment date on such Bond and ending at the opening of business on such interest payment date or during the period of 15 days preceding the giving of notice of redemption of this Bond or to transfer any Bond all or a portion of which has been called for redemption.

The City, the Paying Agent and the Bond Registrar may deem and treat the Registered Owner hereof as the absolute owner hereof for the purpose of receiving payment of or on account of principal hereof, premium, if any, hereon and interest due hereon and for all other purposes, and neither the City, the Paying Agent nor the Bond Registrar shall be affected by any notice to the contrary.

It is hereby certified and recited that all acts, conditions and things required to be done precedent to and in the issuance of this Bond have been done and have happened and have been performed in regular and due form of law and that provision has been made for depositing into the Waterworks and Sewerage Fund the entire Revenues received from the operation of the System to be applied in the manner as hereinabove set forth; and the City hereby covenants and agrees that it will fix and maintain rates for the use and service of the System and collect and account for the Revenues derived therefrom sufficient at all times to pay Operation and Maintenance Costs, promptly to pay principal of and interest on all bonds issued by the City which are payable solely from the Revenues of the System, to provide an adequate depreciation fund, and to comply with all the covenants of and to maintain the accounts created by the Ordinance.

THE INTEREST ON THIS BOND IS NOT TAX-EXEMPT UNDER THE PROVISIONS OF SECTION 103 OF THE INTERNAL REVENUE CODE OF 1986, AND THE REGISTERED OWNER HEREOF BY ACCEPTANCE

OF THIS BOND ACKNOWLEDGES SUCH STATUS AND AGREES WITH THE CITY NOT TO ASSERT ANY CLAIM TO THE CONTRARY.

Section 11. Bonds Limited Obligations. The Bonds shall be payable solely from Revenues on deposit in the Junior Lien Account of the Surplus Account of the Waterworks and Sewerage Fund, after the required deposits into the Alternate Bond and Interest Subaccount of the Surplus Account have been made, and shall not constitute an indebtedness of the City within the meaning of any constitutional or statutory limitation.

Section 12. Flow of Funds. Upon the issuance of the Bonds, the System shall continue to be operated on a Fiscal Year basis. All of the Revenues shall be set aside as collected and be deposited into the Waterworks and Sewerage Fund, which is a separate fund of the City, which fund has been heretofore created and is expressly continued hereunder. The Waterworks and Sewerage Fund shall constitute a trust fund for the sole purpose of carrying out the covenants, terms and conditions of the Prior Alternate Bond Ordinance, any Future Prior Lien Bond Ordinances, the Existing Bond Ordinance and this Ordinance.

The accounts and monthly deposits set forth in the Prior Alternate Bond Ordinance are hereby expressly continued and maintained. As provided in the Prior Alternate Bond Ordinance, after monthly payments and deposits are made to pay Operation and Maintenance Costs, as described in Section 11(a) of the Prior Alternate Bond Ordinance and to provide for an adequate depreciation fund for the System as described in Section 11(b) of the Prior Alternate Bond Ordinance and making up any deficiencies in said accounts, all moneys remaining in the Waterworks and Sewerage Fund shall be credited each month to the Surplus Account.

The Revenues credited to the Surplus Account shall be deposited, first, to the Alternate Bond and Interest Subaccount to the extent and in the manner as described in Section 11(c) of the Prior Alternate Bond Ordinance. All Revenues remaining in the Surplus Fund after such deposits to the Alternate Bond and Interest Subaccount shall be deposited to a separate and segregated subaccount hereby continued which was previously designated the IEPA Bond and Interest

Subaccount but which is hereby renamed and designated as the “Junior Lien Bond and Interest Account” (the “*Junior Lien Bond and Interest Account*”), as follows:

A. There shall be paid into the Junior Lien Bond and Interest Account a fractional amount of the interest becoming due on the next succeeding interest payment date on all Outstanding IEPA Bonds, including the Bonds, and also a fractional amount of the principal becoming due on the next succeeding principal maturity date of all Outstanding IEPA Bonds until there shall have been accumulated in the Junior Lien Bond and Interest Account on or before the month preceding such maturity date of interest or principal, an amount sufficient to pay such principal or interest, or both, of all Outstanding IEPA Bonds.

B. The fractional amount to be set aside each month in the Junior Lien Bond and Interest Account shall be computed so that sufficient funds will be set aside in the Junior Lien Bond and Interest Account and will be available for the prompt payment of such principal of and interest on all Outstanding IEPA Bonds as the same will become due, and shall be not less than one-fifth of the interest and principal becoming due on the next succeeding interest and principal payment date on all Outstanding IEPA Bonds until there is sufficient money in the Junior Lien Bond and Interest Account to pay such principal and interest.

C. Credits to the Junior Lien Bond and Interest Account may be suspended in any Fiscal Year at such time as there shall be a sufficient sum, held in cash and investments, in the Junior Lien Bond and Interest Account to meet principal and interest requirements in the Junior Lien Bond and Interest Account for the balance of such Fiscal Year, but such credits shall be resumed if a deficiency shall subsequently exist and at the beginning of the next Fiscal Year.

D. All moneys in the Junior Lien Bond and Interest Account shall be used only for the purpose of paying interest on and principal of Outstanding IEPA Bonds, including the Bonds.

E. After crediting the Junior Lien Bond and Interest Account as hereinabove provided for, and after making up any deficiencies in the Junior Lien Bond and Interest Account, there shall be credited to a separate and segregated account hereby created and designated the IEPA Bond Reserve Subaccount of the Surplus Account (the “*IEPA Bond Reserve Subaccount*”) and held, in cash and investments, such sum as necessary to comply with the funding requirement described in Section 13(C) of this Ordinance. In each month after the month in which the funding requirement with respect to the IEPA Bond Reserve Subaccount set forth in Section 13(c) hereof is met, and for such period of time that such test is satisfied, said deposits into the IEPA Bond Reserve Subaccount shall be suspended. The funds on hand in the IEPA Bond Reserve Subaccount shall be used solely to pay principal of or interest becoming due on any IEPA Bonds then Outstanding whenever funds are not available in the Junior Lien Bond and Interest Account therefor, and for that purpose there shall be transferred promptly from the IEPA Bond Reserve Subaccount to the Junior

Lien Bond and Interest Account not less than five (5) days prior to the due date of principal of and interest on any IEPA Bonds a sum which, together with the funds then on hand in the Junior Lien Bond and Interest Account, shall be sufficient to meet such principal or interest becoming due. In future bond ordinances, the City may covenant to make specific monthly deposits to the IEPA Bond Reserve Subaccount.

F. Any funds remaining in the Surplus Account after making the aforesaid deposits to the credit of the Junior Lien Bond and Interest Account and the IEPA Bond Reserve Subaccount, at the discretion of the Corporate Authorities, shall be used first, as may be provided in the Prior Alternate Bond Ordinance or any Future Revenue Bond Ordinance, as may be applicable, and such remaining amounts shall be used for one or more of the following purposes without any priority among them:

(1) For the purpose of constructing or acquiring repairs, replacements, improvements or extensions to the System;

(2) For the purpose of calling and redeeming Prior Alternate Bonds, Future Revenue Bonds, Additional Alternate Bonds, Existing IEPA Bonds, IEPA Bonds, or any of them, which are callable at the time;

(3) For the purpose of purchasing Prior Alternate Bonds, Future Revenue Bonds, Additional Alternate Bonds, IEPA Bonds, or any of them, which are not callable at the time at a price not in excess of the fair market value thereof on the date of purchase;

(4) For the purpose of paying principal of and interest on any subordinate bonds or obligations issued for the purpose of acquiring or constructing repairs, replacements, improvements or extensions to the Waterworks and Sewerage System; or

(5) For any other lawful corporate purpose.

Section 13. General Covenants. The City covenants and agrees with the holders of the Outstanding Bonds, so long as there are any Outstanding Bonds, as follows:

A. The City will promptly proceed with the Project, will maintain the System in good repair and working order, will operate the same efficiently and faithfully, and will punctually perform all duties with respect thereto required by the Constitution and laws of the State and the United States of America.

B. The City will establish and maintain at all times reasonable fees, charges and rates for the use and service of the System and will provide for the collection thereof and the segregation and application of the Revenues in the manner provided by the Prior Alternate Bond Ordinance and this Ordinance, sufficient at all times to pay Operation and Maintenance Costs, to provide an adequate depreciation fund, to pay the principal of and interest on all revenue bonds of the City which by their terms are payable from the Revenues, and to provide for the creation and maintenance of the respective accounts

enumerated in said Ordinances. There shall be charged against all users of the System, including the City, such rates and amounts for System services as shall be adequate to meet the requirements of this subsection. Charges for services rendered the City shall be made against the City, and payment for the same shall be made monthly from the corporate funds into the Fund as revenues derived from the operation of the System.

C. The City will maintain the IEPA Bond Reserve Account in accordance with the provisions of Title 35, Section 365.940 of the Illinois Administrative Code and Title 35, Section 662.930, of the Illinois Administrative Code, in an amount equal to the principal and interest payments due annually on the Bonds as set forth by the IEPA in the Loan Agreements. Such reserve fund will be fully funded within two calendar years of the date on which the Loan for the funding of the Project is awarded by the IEPA.

D. The City from time to time will make all needful and proper repairs, replacements, additions and betterments to the System so that it may at all times be operated properly and advantageously; and when any necessary equipment or facility shall have been worn out, destroyed, or otherwise is insufficient for proper use, it shall be promptly replaced so that the value and efficiency of the System shall be at all times fully maintained.

E. The City will establish such rules and regulations for the control and operation of the System necessary for the safe, lawful efficient and economical operation thereof.

F. The City will make and keep proper books and accounts (separate and apart from all other records and accounts of said City), in which complete entries shall be made of all transactions relating to the System, and hereby covenants that within 270 days following the close of each Fiscal Year, it will cause the books and accounts of the System to be audited by independent certified public accountants. Said audit will be available for inspection by the registered owners of not less than ten percent (10%) of the principal amount of the Outstanding Bonds or their representatives authorized in writing.

G. The City will keep the books and accounts for the System in accordance with generally accepted fund reporting practices for municipal enterprise funds; *provided, however,* that the monthly credits to each bond and interest, bond reserve, and depreciation, repair and replacement account shall be in cash, and said funds shall be held separate and apart in cash and investments. For the purpose of determining whether sufficient cash and investments are on deposit in such accounts under the terms and requirements of this Ordinance, investments shall be valued at amortized cost.

H. The City will not sell, lease, loan, mortgage or in any manner dispose of or encumber the System (subject to the right of the City to issue obligations as provided in this Ordinance and to dispose of real or personal property which is no longer useful or necessary to the operation of the System), and the City will take no action in relation to the System which would unfavorably affect the security of the Outstanding Bonds or the prompt payment of the principal thereof and interest thereon. Any amounts received from the sale of property of the System shall be deposited to the credit of an appropriate account of the Waterworks and Sewerage Fund.

I. Any holder or registered owner of a Bond may proceed by civil action to compel performance of all duties required by law and this Ordinance, including the making and collecting of sufficient charges and rates for the service supplied by the System and the application of the income and revenue therefrom.

J. The City will carry insurance on the System of the kinds and in the amounts which are usually carried by private parties operating similar properties, covering such risks as shall be recommended by a competent insurance consultant employed by the City for the purpose of making such recommendations. Alternatively the City shall self-insure or provide insurance by means of a self-insurance pool with other units of local government, *provided* that either private insurance is not available at a reasonable cost or the City or the pool shall have assets or shall have created a self-insurance reserve fund in an amount as shall be determined by a competent insurance consultant to be not unreasonable in view of the risks insured. All moneys received for property loss under such insurance policies or from the self-insurance reserve fund or pool shall be deposited to the credit of the depreciation account and used in making good the loss or damage in respect of which they were paid, either by repairing the property damaged or making replacement of the property destroyed, and provision for making good such loss or damage shall be made within 270 days from the date of the loss. The proceeds derived from any and all policies for workers' compensation or public liability or from the self-insurance reserve fund or pool for such purposes shall be paid into the Operation and Maintenance Account and used in paying the claims on account of which they were received or shall be used to reimburse any account from which the claim was previously paid. The payment of premiums, regular payments to a pool and regular accumulations for a reserve fund required under the provisions of this covenant shall be considered an Operation and Maintenance Cost.

Section 14. Additional IEPA Bonds; Future Revenue Bonds and Additional Alternate Bonds.

A. Additional IEPA Bonds.

1. Additional IEPA Bonds may be issued for any proper System purpose upon compliance with the following conditions:

(a) The amounts required to be credited monthly to the respective accounts described above in this Ordinance (Section 12) must have been credited in full up to the date of the delivery of such Additional IEPA Bonds.

(b) The Net Revenues of the System for the last completed Fiscal Year prior to the issuance of the Additional IEPA Bonds for which an audit of an independent certified public accountant is available (provided that such Fiscal Year shall not have ended more than 18 months prior to the date of the issuance of such Additional IEPA Bonds), or the adjusted Net Revenues of the System for such year (as defined herein) must equal at least 100% of maximum annual debt service

computed immediately after the issuance of the proposed Additional IEPA Bonds, but only for those Fiscal Years in which the Outstanding IEPA Bonds immediately prior to such issuance will continue to be Outstanding IEPA Bonds as provided herein. If such audited financial statements do not show sufficiency of the Net Revenues of the System, then such sufficiency shall be demonstrated in the manner set forth in Section 15 of the Reform Act as described for bonds issued thereunder.

2. Additional IEPA Bonds may be issued to refund Outstanding IEPA Bonds if the sum of the aggregate amount of principal and interest due and payable on the Outstanding IEPA Bonds in each Fiscal Year including and subsequent to the Fiscal Year of issuance for all Outstanding IEPA Bonds after such issuance does not exceed such sum prior to such issuance.

3. Additional IEPA Bonds may be issued to refund Outstanding IEPA Bonds if the bonds so issued (i) do not exceed the principal amount of the Outstanding IEPA Bonds to be refunded, (ii) do not bear interest at a rate in excess of the Outstanding IEPA Bonds to be refunded, and (iii) do not mature earlier than any Outstanding IEPA Bonds not to be refunded.

4. Additional IEPA Bonds may be issued to refund Outstanding IEPA Bonds in order to avoid default in the payment of principal of or interest on Outstanding IEPA Bonds; *provided*, they are issued to avoid such default within three months of the date thereof.

5. Bonds or other obligations may be issued payable from the Revenues subordinate to the Outstanding IEPA Bonds.

6. Alternatively, to any or all of the conditions within this paragraph (A), Additional IEPA Bonds may be issued with the consent of the owners of not less than two-thirds (2/3rds) of the IEPA Bonds Outstanding prior to such proposed issuance. Proof of ownership may be made in the same manner as for an amendment (Section 7). Additionally, the offer by the IEPA of a future loan pursuant to any Loan Agreement shall be deemed to be consent by the IEPA as the owner of all IEPA Bonds, it shall then own, as to issuance of the Additional IEPA Bonds to evidence such loan.

B. Future Revenue Bonds and Additional Alternate Bonds.

Future Revenue Bonds and Additional Alternate Bonds may be issued as provided in the Prior Alternate Bond Ordinance (a "*Proposed Prior Lien Issuance*") for any proper System purpose upon compliance with the ordinances (*i.e.*, the Future Prior Lien Bond Ordinance(s)) governing their terms and upon compliance with any one of the further following conditions:

(a) It shall be demonstrated that the conditions of paragraph (A)(1) above will be met after the Proposed Prior Lien Issuance.

(b) Such Proposed Issuance would meet the conditions of paragraph (A)(2) above substituting the words (i) “Future Revenue” or “Additional Alternate”, as applicable, for the term “Additional IEPA” and (ii) “Outstanding Revenue” or “Outstanding Alternate”, as applicable, for the term “Outstanding IEPA” throughout.

(c) Such Proposed Issuance would meet the conditions of paragraph (A)(3) above substituting the words (i) “Future Revenue” or “Additional Alternate”, as applicable, for the term “Additional IEPA” and (ii) “Outstanding Revenue” or “Outstanding Alternate”, as applicable, for the term “Outstanding IEPA”.

(d) Such Proposed Issuance would meet the conditions of paragraph (A)(4) above substituting the words (i) “Future Revenue” or “Additional Alternate”, as applicable, for the term “Additional IEPA” and (ii) “Outstanding Revenue” or “Outstanding Alternate”, as applicable, for the term “Outstanding IEPA”.

(e) Such Proposed Issuance may be issued with the consent of the owners of not less than two-thirds (2/3rds) of the IEPA Bonds then Outstanding.

C. Contracts or agreements, including long-term and take or pay contracts or agreement, for the provision of water or the treatment of sewage which by their terms require payment by the City as an Operation and Maintenance Cost or from the Operation and Maintenance Account are expressly excluded from the provisions of this Ordinance pertaining to Additional IEPA Bonds. Such contracts or agreements may be made by the City notwithstanding any of the provisions herein.

Section 15. Sale of the Bonds; IEPA Loan Agreements. The Bonds shall be executed and delivered to the Bond Registrar and be by the Bond Registrar delivered to the purchaser thereof, namely, the IEPA, all in accordance with the provisions of one or more Loan Agreements by and between the IEPA and the City. The execution of any Loan Agreements by any of the Designated Officers is hereby authorized and approved, said Loan Agreements to be in substantially the form now before the Corporate Authorities or with such changes therein as shall be approved by the Designated Officer executing said Loan Agreements, said execution to constitute evidence of the approval of such changes.

Further, the Corporate Authorities hereby authorize acceptance of the offer of a loan or loans through the Loan Programs, including all terms and conditions of each Loan Agreement as well as all special conditions contained therein and made a part thereof by reference. The Corporate Authorities further agree that the loan funds awarded shall be used solely for the purposes of the Project as approved by the IEPA in accordance with the terms of each Loan Agreement. Any of the officers and officials of the City shall be authorized to take all necessary action to complete the borrowing in accordance with the terms of a Loan Agreement.

To the extent permitted by law, and so long as the IEPA is the registered owner of the Bonds, the City and this Ordinance shall be subject to the Loan Agreement.

It is hereby found and determined that no person holding any office of the City, either by election or appointment, is in any manner interested, either directly or indirectly, in his or her own name or in the name of any other person, association, trust or corporation, in said contract for the purchase of the Bonds.

Section 16. Use of Proceeds, Expense Fund. The proceeds derived from the sale of the Bonds and advances made from time to time from the IEPA shall be used solely and only to pay eligible costs of the Project as provided in each Loan Agreement, or to reimburse the City for such costs as previously advanced, all in accordance with the terms of such Loan Agreement, and shall be deposited as follows:

A. Accrued interest and capitalized interest, if any, shall be credited to the Junior Lien Bond and Interest Account.

B. If such proceeds represent a reimbursement of funds previously advanced and spent for the Project, the fund or account from which such advances or expenditures were made shall be repaid.

C. All remaining proceeds shall be deposited into a separate account denominated the "IEPA Bonds Project Account" (the "*Project Account*") and disbursed for costs of the Project, including reasonable incidental costs, such as costs of issuance of the Bonds.

Within 60 days after full depletion of the Project Account or payment of all costs of the Project, as herein referred to, and as heretofore approved by the Corporate Authorities, a Designated Officer shall certify to the Corporate Authorities the fact of such depletion or the engineer in responsible charge of the Project shall certify to the Corporate Authorities the fact that the work has been completed according to approved plans and specifications, as applicable, and upon approval of such certification by the Corporate Authorities, funds (if any) remaining in the Project Account shall be credited to the IEPA Bond Reserve Account, or, if such account is fully funded, to the Junior Lien Bond and Interest Account and held for the purposes thereof; and the Project Account shall be closed.

Funds on deposit in the Project Account may be invested by appropriate City officer in accordance with City investment policy. All investment earnings in the Project Account shall be credited to the Project Account.

Section 17. Provisions a Contract. The provisions of this Ordinance shall constitute a contract between the City and the owners or holders of the Outstanding Bonds and no changes, additions, or alterations of any kind shall be made hereto, except as herein provided, so long as there are any Outstanding Bonds.

Section 18. Tax Certificate. The City agrees and covenants with the IEPA that, upon request, and prior to the execution of a Loan Agreement, it will submit to the IEPA a tax certificate as provided by the IEPA concerning the Bonds and applicable federal tax law that applies to the Bonds. In connection therewith, the City and the Corporate Authorities further agree: (a) through their officers, to make such further specific covenants, representations as shall be truthful, and assurances as may be necessary or advisable; (b) to consult with counsel approving the Bonds and to comply with such advice as may be given; (c) to file such forms, statements, and supporting documents as may be required and in a timely manner; and (e) if deemed necessary or advisable

by their officers, to employ and pay fiscal agents, financial advisors, attorneys, and other persons to assist the City.

Section 19. Continuing Disclosure. The City agrees and covenants that, if at any time the IEPA notifies the City that it is deemed to be an “obligated person” for purposes of Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934 (the “Rule”), the City will execute an undertaking in a form acceptable to the IEPA in compliance with the Rule in which the City will agree, among other things, to provide annual financial information (as defined in the Rule) with respect to the City to all required information repositories for so long as the City shall be deemed to be an obligated person. The City acknowledges that it will be deemed to be an obligated person at any time the aggregate principal amount of one or more of the City’s outstanding loans with the IEPA, which are pledged to secure bonds issued on behalf of the IEPA, exceeds a percentage (currently 20%) of the aggregate principal amount of all loans of the IEPA pledged to secure such bonds.

- (d) to cancel and/or destroy Bonds which have been paid at maturity or upon earlier redemption or submitted for transfer; and
- (e) to furnish the City at least annually an audit confirmation of Bonds paid, Bonds outstanding and payments made with respect to interest on the Bonds.

The City Clerk of the City is hereby directed to file a certified copy of this Ordinance with the Bond Registrar.

Section 22. Severability. If any section, paragraph, clause or provision of this Ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this Ordinance.

Section 23. Repealer and Effective Date. All ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this Ordinance are to the extent of such conflict hereby repealed, and this Ordinance shall be in full force and effect immediately.
