If "Other Funding," please explain how the item will be funded: with other purchases from the capital equipment fund coming in under budget there will be enough funds to cover the additional expense			
Executive Summary:			
<p>The 2020 capital equipment budget includes \$85,000 for the purchase of a new Street Division one-ton truck to replace a 2003 GMC K-3500. Staff is recommending the purchase of a 2019 Ford F-450 with snowplow and salt spreader for replacement. G-3123 is a critical piece of front-line equipment used for snow removal, asphalt repairs, tree trims and removals. Attached for your review are the lifetime maintenance log and costs, along with pictures of the current state of the vehicle. Staff has requested quotes on joint purchasing platforms from Suburban Purchasing CO-OP (SPC). SPC is available to municipalities and works using the same principals as the state bid process. The quote is included in the proposal tabulation. The servicing dealer will be Currie Motors of Frankfort. Staff also recommends having Henderson equipment, who was also awarded the contract through SPC, install the specified upfit for this truck.</p> <p>In addition, staff researched the purchase of the vehicle through the state bid process. One-ton vehicles are currently not available on the state bid. The replacement vehicle will be a 2019 Ford F-450 one-ton dump, snowplow, and salt spreader from Currie Motors of Frankfort. In the attached quote from Currie Motors and Henderson Products, Inc., the cost of the vehicle, upfitting, title and delivery is \$78,507. This is under the budgeted amount of \$85,000.</p>
