If "Other Funding," please explain how the item will be funded: N/A			
Executive Summary:			
As included in the FY 2022 budget, this request is to purchase a replacement set of Hurst hydraulic rescue tools for Truck 201 from Air One Equipment Inc. in South Elgin.			
The recommended purchase includes a hydraulic cutter, spreader, ram and StongArm breaching tool. The tools are used for highway accident extrication, industrial machinery disentanglement as well as breaching high security doors during fire emergencies.			
The new tools include the latest technology that can cut and spread the newest high strength automobile and truck metal alloys, improve on-scene deployment time and improve safety of the firefighters and personnel being rescued. The existing tools have reached end of life and are increasingly more difficult to get repaired. There is only one quote presented for this purchase due to the fact that Hurst maintains exclusive territorial distributorships in the United States.
