The classification and compensation plan is the formal system for classifying and compensating all unrepresented positions in the City. This plan establishes a basic salary schedule as approved by the City Council annually. The salary ranges shall include minimum and maximum rates of pay for all non-union positions.

For FY 2024, non-union employees who “meet” or “exceed” performance standards are eligible for a market adjustment of 2%. Those employees who “meet” or “exceed” the standards of their respective position will also be eligible for a merit increase of up to 3% depending on their performance appraisal and current placement within the approved salary schedule. Employees whose pay rate is at or above the maximum of the salary range for any given position are only eligible to receive a one-time lump sum payment of up to 2.0% depending on their performance appraisal. Employees who “fail to meet” standards on their performance evaluation are ineligible for market and/or merit adjustments.

The classification and compensation plan below should be considered a guideline that is subject to funding through the annual budget process. Questions regarding the plan may be directed to the Human Resources Division.

## DEPARTMENT DESCRIPTION

The Corporate Authorities are composed of ten City Council members and a Mayor elected by the voters. Two Alderpersons are elected from each of five wards. The Mayor, Clerk and Treasurer are elected at-large. As called for in the City Charter, general municipal elections are held every odd-numbered year, with five Alderpersons elected the year preceding Leap Year and five Alderpersons, the Mayor, the Clerk and the Treasurer elected the year after Leap Year.

Terms of office are four-years commencing the first regular council meeting in May, following the April election. The Mayor's responsibilities include presiding over City Council meetings and executing documents on behalf of the City Council. The Mayor Pro Tem assumes these duties in the Mayor's absence.

Regular meetings of the City Council and Committee of the Whole are held on the first and third Monday of each month in the Council Chamber. Special Committee of the Whole meetings are scheduled, as needed, on issues more complex or time-consuming than those typically scheduled for regular meetings. All meetings, except closed sessions as provided for under the Open Meetings Act, are open to the public.

The Mayor with the advice and consent of the City Council, appoints a City Administrator as the administrative head of the City government, the City Attorney who serves as a legal advisor to the Council, and other senior City officials. The Council enacts ordinances and resolutions, and approves the budget and City expenditures. The Mayor, with the advice and consent of the Council, appoints citizens to serve on Boards and Commissions that operate in an advisory capacity to the Council.

The Mayor and Council members strive to be responsive to citizen concerns and to enact legislation reflecting the needs and priorities of residents of the City of Geneva. They represent the City at community ceremonies, meetings and other functions and participating in regional, state and national organizations. They promote the economic, cultural and governmental well-being of the community.

City Council and Committee of the Whole meetings are live-streamed (on the City's YouTube channel and through local cable/fiber providers) so that those who are unable to attend in person have the ability to contemporaneously hear all discussion, testimony, and roll call votes of the open meeting in real time. Public meetings are also archived on the City's website.

## DEPARTMENT DESCRIPTION

## General Provisions

The City of Geneva's financial policies and provisions, compiled below, set forth the basic framework for the overall fiscal management of the City. These policies assist the decision-making process of the City Council and the Administration. The policies also provide guidelines for evaluating both current activities and proposals for future programs and budgets.

Financial policies aid the City by improving financial management, financial position and the creditworthiness of the City. They also serve to ensure all financial transactions conducted by or on behalf of the City, its agencies, departments, officials and authorized agents will be made in a manner and method which provides for the most proficient and effective management of the financial resources and funds of the City. These policies provide for the maximum protection of the City taxpayer, in accordance with and utilizing established financial management practices, accounting standards, and auditing requirements. Included are specific policies related to operations, accounting and auditing, reserves, capital projects, cash management, debt, and budget.

The City prepares a balanced itemized budget for each fund and each program within the fund. The budget should be balanced with current revenues equal to or greater than current expenditures/expenses. In any fund in which expenditures/expenses shall exceed revenues, prior year revenues (reappropriation or use of fund balance) will be used to meet the shortfalls.

The City Council is responsible for establishing and authorizing policies and procedures for the management of all financial resources and transactions of the City. The City Administrator and other City officials are responsible for adopting administrative procedures necessary to implement the financial policies.

It is the policy of the City to maintain sound financial practices and policies which are viable and current according to generally accepted accounting principles, auditing standards, and financial management experience, and which are consistent and comply with all applicable State and Federal laws. The City shall regularly review its policies and procedures and reserves its right to change and supplement them as necessary.

The following financial policies were adopted by Resolution by the Geneva City Council on March 4, 2019:

## General Policies

1. **Economic Development:** The City will try to create an economic environment that will encourage businesses to locate in Geneva and create opportunities for existing businesses.
2. **Investments:** Investment practices should have an avoidance of risk as the primary objective. Additionally, practices should provide liquidity, diversification, and yield.

3. **Citizen Participation:** The City will develop methods to ensure public participation in decision making. This endeavor can be accomplished by the Strategic Plan Advisory Committee.

## Budgetary Policies

1. **Fund Balance:** Fund balance is generally defined as the difference between a fund's assets and liabilities. An adequate fund balance is necessary for numerous reasons, such as to have funds available in case of an emergency or unexpected events, to maintain or enhance the City's financial position and related bond ratings, to provide cash for operations prior to receipt of property tax revenues, and to maximize investment earnings. The City will strive to maintain an available fund balance of at least 90 days of the current budget year operating expenditures for the General Fund and available cash of at least 90 days of current budget year expenditures in the Electric Fund and the Water/Wastewater Fund.
2. **Sources of Revenue:** The City will maintain a diversified and stable revenue stream to shelter the City from short-run fluctuations in any one revenue source.
3. **Forecasting:** The City will prepare an annual budget for the upcoming year and a projection of revenues and expenditures for the subsequent year. The City will do its best to estimate revenues and expenditures while realistically taking into account those that have a high degree of elasticity.
4. **Goals and Objectives:** The City will use the Strategic Plan to direct the budget plan, and include the accompanying goals and objectives in the budget document.

## Operating Policies

1. **Pay-As-You-Go:** The City will attempt to pay current operating expenses from current revenues. To ensure this activity, the City will not expand services beyond the City's level of operating revenue.
2. **Maintain Existing Service Levels:** The City provides a high level of service to our citizens and may find it necessary from time to time to adjust the extent of services, but the primary objective is to maintain the high standard currently in place.
3. **Capital Assets:** Capital assets are those items having a useful life greater than one year with an initial, individual cost of more than \$50,000 for streets, bridges and storm sewers, \$20,000 for sidewalks and \$5,000 for all other capital assets. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The cost of normal maintenance and repairs, including street overlays that do not add to the value of the asset or materially extend asset lives, are not capitalized. The City will provide for the adequate maintenance of capital assets.

4. **Balanced Budget:** The City will present a budget annually to the Council that is within the City's ability to pay, with the expenditures not exceeding the current revenues and prior year fund balance.

### TIF Allocation Policies

1. **Allocation of TIF Funds:** Tax Increment Finance District (TIF) funds are to be used for community and economic development purposes as one of the City's public financing methods.
2. **Administration:** The administration and implementation of these funds are accomplished through the work of the Economic Development Director, who serves as the Tax Increment Finance Administrator, with assistance from the City Administrator, Community Development Director, Business Development Analyst, Finance Director, Accounting Supervisor and City Planner.
3. **Salary Allocation:** TIF funding may be allocated toward the salaries of these positions, depending on the anticipated level of job-related TIF duties, on a year-to-year basis, in an amount not to exceed 30.0% of the total designated TIF funds.

### Investment Policies

1. **Scope:** This policy includes all funds governed by the Mayor and the City Council. Except for cash in certain restricted and special funds, the City will consolidate cash balances from all funds to maximize investment earnings. Investment income will be allocated to the various funds based on their respective participation and in accordance with generally accepted accounting principles.
2. **Safety:** Safety shall be the main objective of the Investment Policy and refers to the preservation of capital and protection of investment principal. City investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the City's overall portfolio by mitigating credit and interest rate risk.
  - a. **Credit Risk:** Credit risk is the risk an issuer of a debt security will not pay its par value upon maturity. The goal will be to minimize credit risk by:
    - i. Limiting investments to the types of securities identified in the policy.
    - ii. Diversifying the portfolio in accordance with the policy so potential losses on individual securities will be minimized. Diversification reduces the risk that potential losses on individual securities might exceed the income generated from the remainder of the portfolio.
  - b. **Interest Rate Risk:** Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The goal will be to minimize interest rate risk by:

- i. Structuring the portfolio so securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity.
  - ii. Investing operating funds primarily in shorter-term securities, money markets or similar investment pools.
3. **Liquidity:** The portfolio shall maintain sufficient liquidity to enable the City to meet all operating requirements and expected liabilities which may be reasonably anticipated in any City fund.
4. **Return:** The portfolio shall be designed to obtain a reasonable return, taking into account the City's investment risk constraints and cash flow needs of the City's funds and conforming to all State and local statutes governing the investment of public funds.
5. **Delegation of Authority:** Management and administrative responsibility for the investment program is hereby delegated to the Finance Director, hereinafter referred to as investment officer, who, under the direction of the City Administrator, will act in accordance with established written procedures and internal controls for the operation of the investment program consistent with this investment policy. No person may engage in an investment transaction except as provided under the terms of this policy and the procedures established by the investment officer. The investment officer shall be responsible for all transactions undertaken and shall establish a system of controls to regulate the activities of subordinate officials.
6. **Authorized Financial Dealers and Institutions:** Financial institutions may include depositories, investment advisors, broker/dealers and local government investment pools as authorized in this policy. Financial institutions who desire to become qualified for transactions must provide certification of having read and understood this policy, agree to comply with this policy and ensure all investments proposed for purchase will conform to this policy and applicable State statutes. Selection of financial institutions authorized to engage in transactions with the City shall be at the sole discretion of the City. Financial institutions will be selected based on financial condition, proper registration, level of service, experience with Illinois municipalities and competitive pricing.

All depositories shall be insured by the Federal Deposit Insurance Corporation (FDIC) or the National Credit Union Administration (NCUA) and may consist of banks, savings and loan associations and credit unions. All financial institutions who desire to become designated depositories must supply the following (as appropriate):

- a. Audited financial statements
- b. Proof of state registration
- c. Evidence of adequate insurance coverage

All investment advisors shall be registered under the Investment Advisors Act of 1940. All financial institutions who desire to become designated investment advisors must supply the following (as appropriate):

- a. Audited financial statements
- b. Securities and Exchange Commission (SEC) Form ADV – Parts 1 and 2
- c. Proof of state or SEC registration
- d. Evidence of adequate insurance coverage

All broker/dealers shall be insured by the Securities Investors Protection Corporation (SIPC). All financial institutions who desire to become designated brokers/dealers must supply the following (as appropriate):

- a. Audited financial statements
- b. Proof of Financial Industry Regulatory Authority (FINRA) certification
- c. Proof of state registration
- d. Evidence of adequate insurance coverage

A periodic review of the financial condition and registration of all designated financial institutions will be conducted by the Finance Director or designee.

Any financial institution selected by the City of Geneva may be requested to provide cash management services, including but not limited to: checking accounts, wire, and ACH transfers, purchase and sale of investment securities and safekeeping services. Fees for banking services shall be mutually agreed to by an authorized representative of the financial institution and the Finance Director of the City.

**7. *Authorized and Suitable Investments:*** Investments may be made in any type of security allowed for in Illinois statutes regarding the investment of public funds. The following investments will be permitted by this policy and are those defined by state law:

- a. Bonds, notes, certificates of indebtedness, treasury bills or other securities now or hereafter issued, which are guaranteed by the full faith and credit of the United States of America as to principal and interest.
- b. Bonds, notes, debentures or other similar obligations of the United States of America, its agencies and its instrumentalities.
- c. Interest-bearing savings accounts, interest-bearing certificates of deposit or interest-bearing time deposits or any other investments constituting direct obligations of any bank as defined by the Illinois Banking Act.
- d. Obligations of corporations organized in the United States with assets exceeding \$500,000,000 if (i) such obligations are rated at the time of purchase at one of the 3 highest classifications established by at least two standard rating services and which mature not later than three years from the date of purchase, (ii) such purchases do not exceed 10.0% of the corporation's

outstanding obligations and (iii) no more than one-third of the City's funds may be invested in short term obligations of corporations.

- e. Money market mutual funds registered under the Investment Company Act of 1940, provided the portfolio of any such money market mutual fund is limited to (i) Bonds, notes, certificates of indebtedness, treasury bills or other securities now or hereafter issued, which are guaranteed by the full faith and credit of the United States of America as to principal and interest and (ii) Bonds, notes, debentures or other similar obligations of the United States of America, its agencies and its instrumentalities.
  - f. Interest-bearing bonds of any county, township, city, village, incorporated town, municipal corporation or school district of the State of Illinois, of any other state, or of any political subdivision or agency of the State of Illinois or of any other state. The bonds shall be registered in the name of the City or held under a custodial agreement at a bank. The bonds shall be rated at the time of purchase within the four highest general classifications established by a rating service of nationally recognized expertise in rating bonds of states and their political subdivisions.
  - g. Short term discount obligations of the Federal National Mortgage Association.
  - h. Shares or other forms of securities legally issuable by State or Federal savings banks or savings and loan associations which are insured by the FDIC. Dividend-bearing share accounts, share certificate accounts or class of share accounts of a credit union chartered under the laws of the State of Illinois or the laws of the United States; provided, however, the principal office of any such credit union must be located within the State of Illinois whose accounts of which are insured by applicable law.
  - i. A Public Treasurers' Investment Pool created under Section 17 of the State Treasurer Act (e.g., Illinois Funds).
  - j. Illinois Metropolitan Investment Fund.
  - k. Any other investment permitted by Illinois statute.
8. **Collateralization:** Funds on deposit (checking accounts, certificates of deposit, etc.) in excess of FDIC limits must be secured by some form of collateral allowed by Illinois state statute (30 ILCS 235/6(d)), witnessed by a written agreement and held at an independent third-party institution in the name of the City of Geneva. Securities held as collateral must not be of a type in violation of this investment policy. The amount of collateral provided will not be less than 105.0% of the market value of the net amount of public funds secured. Substitution or exchange of securities held in safekeeping shall not be done without prior written notice of the City at least 10 days prior to any proposed substitutions and provided that the market value of the replacement securities are equal or greater than the market

value of the securities being replaced. The City must pre-approve all substitution and exchanges of securities. The ratio of the fair market value of collateral to the amount of funds secured shall be reviewed monthly and additional collateral will be requested when the ratio declines below the level required.

- 9. *Safekeeping and Custody:*** All security transactions entered into by the City where applicable shall be conducted on a delivery-versus-payment (DVP) basis to ensure securities are deposited in an eligible financial institution prior to the release of funds. Securities will be held by an independent third party custodian designated by the Finance Director and evidenced by safekeeping receipts and a written custodial agreement.
- 10. *Diversification:*** The City shall diversify its investments to the best of its ability based on the type of funds invested and the cash flow needs of those funds. Diversification may be by type of investment, number of institutions invested in and length of maturity.
- 11. *Maximum Maturities:*** To the extent possible, the City shall attempt to match its investments with anticipated cash flow requirements. Unless matched to specific cash flow, the City will not directly invest in securities maturing more than three years from the date of purchase. However, reserve funds may be invested in securities exceeding three years if the maturities of such investments are made to coincide as nearly as practicable with the expected use of the funds.
- 12. *Readily Available Funds:*** Because of inherent difficulties in accurately forecasting cash flow requirements, a portion of the portfolio should be continuously invested in readily available funds such as money market funds to ensure appropriate liquidity is maintained to meet ongoing obligations.
- 13. *Internal Control:*** The Finance Director is responsible for establishing and maintaining an internal control structure designed to insure assets of the City are protected from loss, theft or misuse. The internal control structure shall be designed to provide reasonable assurance these objectives are met. The internal controls shall address the following points:

  - Control of collusion
  - Separation of transaction authority from accounting
  - Custodial safekeeping
  - Written confirmation of telephone transactions for investments and wire transfers
- 14. *Performance Standards:*** This investment portfolio will be managed in accordance with the parameters specified within this policy. The portfolio should obtain a comparable rate of return during a market/economic environment of stable interest rates. Portfolio performance should be compared to benchmarks with similar maturity, liquidity and credit quality as the portfolio.

15. **Reporting:** The Finance Director shall prepare an investment report quarterly. The report should be provided to the Mayor, City Council, and City Administrator and made available upon request. The report should be in a format suitable for review by the general public.
16. **Legislation and Documentation:** The City's investment program shall comply at all times with the Illinois Public Funds Investment Act (30 ILCS 235/1 *et seq.*) and other state laws governing the investment of public funds, as amended from time to time. In the event of any conflict between this policy and the Illinois Public Funds Investment Act and other state laws, the provisions of the Illinois Public Funds Investment Act and other state laws shall control.

The Finance Director will maintain a list and is hereby authorized to deposit City monies, in accordance with 65 ILCS 5/3.1-35-50, in financial institutions approved by the City Council. The Finance Director shall review this list from time to time and shall submit any modifications to the City Council for approval.

## Debt Policies

1. **Use of Debt Financing:** The City will limit the use of long-term borrowing to capital improvement projects that cannot be financed from current revenues. Debt financing shall generally be utilized for projects that benefit the citizens of Geneva and have a useful life that will exceed the term of the financing. The City will not use long-term debt for current operations.
2. **Limits on Debt Issuance:** State statute limits a local government's debt to 8.625% of its assessed value. Additionally, the City will try to keep the average maturity of all debt at or below fifteen years.
3. **Bond Covenants:** The City will restrict current activities to a point where bond covenants will be met. The City's ability to meet these covenants will also reflect on how rating agencies view the City.

## Pension Funding Policies

1. **Purpose:** The financial objective of a defined benefit pension plan is to fund the long term cost of benefits provided to the plan participants. In order to assure the plan is financially sustainable, the plan should accumulate adequate resources in a systematic and disciplined manner over the active service life of benefitting employees. This funding policy outlines the method utilized by the City of Geneva (City) to determine its actuarially determined contribution to the Pension Funds which fund the long term cost of benefits to the plan participants and annuitants.
2. **Guidelines:** The City believes this funding policy meets the guidelines for State and Local governments set by the Pension Funding Task Force convened by the Center for the

State and Local Government Excellence. The guidelines set by this task force outline the following objectives for pension funding policy:

- **Actuarially determined contributions** – a pension funding plan should be based on an actuarially determined annual required contribution (ARC) that incorporates both the cost of benefits in the current year and the amortization of the plan’s unfunded actuarial accrued liability.
- **Funding discipline** – a commitment to make timely, actuarially determined contributions to the retirement system is needed to ensure sufficient assets are available for all current and future retirees.
- **Intergenerational equity** – annual contributions should be reasonably related to the expected and actual cost of each year of service so the cost of employee benefits is paid by the generation of taxpayers who receives services from those employees.
- **Contributions as a stable percentage of payroll** – contributions should be managed so employer costs remain consistent as a percentage of payroll over time.
- **Accountability and transparency** – clear reporting of pension funding should include an assessment of whether, how, and when the plan sponsor will ensure sufficient assets are available for all current and future retirees.

3. **Policy:** The City will determine its ARC to the Police Pension and Firefighters Fund based upon the advisement of the City’s enrolled actuary<sup>1</sup> while maintaining a minimum ARC based upon state statute.

The City will make its actuarially determined contributions to the Pension Funds after the property taxes are received each fiscal year.

<sup>1</sup>Enrolled actuary is a member of the Society of Actuaries or American Academy of Actuaries and is enrolled under Subtitle C of Title III of the Employee Retirement Income Security Act of 1974, or who has been engaged in providing actuarial services to one or more public retirement systems for a period of at least 3 years as of July 1, 1983.

4. **Transparency & Reporting:** Funding of the Pension Funds should be transparent to vested parties including plan participants, annuitants, the Pension Fund Board of Trustees, City Council, and residents. In order to achieve this transparency, the following information shall be annually distributed:

- A copy of the annual actuarial valuation for the Police Pension Fund and Firefighters Fund shall be made available to the City Council and the respective Pension Fund Board of Trustees.
- The City’s Annual Comprehensive Financial Report shall be published on the City’s website. This report includes information on the City’s annual contribution and funded status of the Pension Funds.

- The City Council shall approve the City's annual contribution to the Pension Funds.
- The City's annual operating budget shall include the City's contribution to the Pension Funds as well as include a budget for each of the Pension Funds.

Each Pension Fund budget is controlled by its Pension Fund Board of Trustees, in accordance with State law. The City's operating budget document shall be published on the City's website.

5. **Review of Funding Policy:** Funding a defined benefit pension plan requires a long term horizon. Assumptions and inputs into the policy should focus on long term trends, not year-to-year shifts in the economic or non-economic environments. Generally, assumptions or inputs should be evaluated and changed if long term economic or non-economic inputs have fundamentally changed or are no longer reasonable. As such, the City will review this policy at least every three years to determine if changes to this policy are needed to ensure adequate resources are being accumulated in the Pension Funds. The City reserves the right to make changes to this policy at any time if it is deemed appropriate.

## Planning and Goal Setting

The City of Geneva adopted its first strategic plan document in 1997. This document has been updated over the years. The most recent plan was adopted by the City Council in 2018, and was amended in 2021. The plan focuses on five key themes: Economic Vitality (EV), Strong Governance (SG), Environmental Stewardship (ES), Excellent Municipal Services (EMS), and Quality of Life (QL). Within each theme is a vision for 2025, along with outcomes (anticipated changes that will occur as the City achieves each vision's strategic objectives), objectives (strategies and activities that must be completed to achieve the vision), action items (specific tactics that will take place in pursuit of desired outcomes and objectives), and performance indicators (help to communicate progress in achieving desired outcomes).

In November 2022, at the annual strategic plan workshop (which is traditionally the kickoff to the budget development process), the City Council along with senior management staff and a representative of SPAC met to prioritize the objectives (in rank order) within the plan for FY 2024.

THEME	TIER I PRIORITY OBJECTIVES
Excellent Municipal Services	II – The City provides equipment, infrastructure and facilities necessary to maintain efficient and reliable public services.
Economic Vitality	II – Develop a resilient local economy through the development of new commercial and industrial opportunities to add to the City's tax base.
Environmental Stewardship	II – Take actions to promote long-term sustainability and reduce the City's carbon footprint.

THEME	TIER II PRIORITY OBJECTIVES
Economic Vitality	III – Encourage tourism of enhancing the City's image and better accommodating the needs of visitors.
Quality of Life	III – The City is recognized as an inclusive community that is welcoming to people of all ages, backgrounds, abilities, and ethnicities.
Quality of Life	I – Geneva promotes active lifestyles and physical well-being by ensuring a safe environment for bicyclist and pedestrians, as well as access to natural areas.

Many of the priorities remained the same as FY 2023. Staff used results of the prioritization exercise to begin the budget development process and included as many projects/programs supporting the top priority goals as resources would allow. Objectives that did not receive prioritization remain in the plan for consideration as resources allow.

### Integration with Other Long-Term Planning Processes

The City Council and staff utilize several processes and documents to help develop long-term goals and objectives, including the following:

- **Preliminary Budget Work Sessions** – The City Administrator and Finance Director conducted budget-related meetings with management staff to discuss the financial outlook and short-term priorities for the upcoming budget year.
- **Economic Development** – The City has a dedicated Economic Development Department that works to retain, expand and attract appropriate commercial, mixed use, office/research and industrial developments to the City.
- **Downtown Enhancements** – The City works closely with strategic partners to maintain the unique character of downtown Geneva and market the area as a destination for visitors. The downtown business district serves as a focal point for the community and is centered around Geneva's historic setting and unique shops, restaurants, festivals, and natural amenities. The City works to continually improve the downtown experience by implementing economic vitality and quality of life goals and objectives as outlined in the Strategic Plan and the Downtown Station Area Master Plan.
- **Infrastructure Maintenance** – The City is committed to infrastructure and property maintenance to maintain property values.
- **Two fiscal year budget** – The City uses a two fiscal year budget. Although legally the City Council may only pass one fiscal year (FY 2024); FY 2025 is forecasted (albeit not adopted).

## Annual Budget Adoption

During the second quarter of the year, the City Administrator establishes the calendar for the adoption of the annual operating budget for the upcoming year. The calendar is designed to allow sufficient time for preparation of budget requests, public comment, staff and Administrator review, Council consideration, and publication and submission deadlines established by state statute. All dates are considered to be mandatory unless otherwise modified by the City Administrator.

The City Administrator and Finance Director issue budget forms and standards around the end of August. All departments submit their budget requests according to the schedule and standards. The City Administrator, with assistance from the Finance Director, reviews and evaluates the budget requests in formulating the budget to be recommended to the Council. Throughout this process several meetings are scheduled with each Department Head to discuss budget requests. In January 2023, the City Administrator presented a recommended budget and provided an overview of the FY 2024 and FY 2025 budgets at a Committee of the Whole meeting. Over the next few weeks, time was set aside for the City Council to consider and discuss the budget and specific funds. Staff was available to answer questions, present additional information, or provide justification concerning the requests. In addition, the City Council could submit questions regarding the budget for a response from staff and publication on the City's website.

After the initial review by the Council and the setting of a public hearing date, copies of the proposed budget were made available on the City's website. A public hearing notice was also published in the local newspaper. The public hearing was scheduled no less than seven days after publication of the notice, in accordance with state statute. The City Council held a public hearing on the date and at the time specified in the publication for the purposes of hearing taxpayer questions and comments concerning the proposed budget. The budget was adopted on February 6, 2023, prior to the May 1, 2023 deadline as required by state statute.

## Budget Development Schedule

Subsequent to the adoption of the budget, the budgeted expenditures are recorded in the general ledger and provide management with an ongoing visual indication of available balances. Each month budget reports are sent to the City Administrator and Department Heads for their review and budget adjustments are made between department line items when operations cause a line item to exceed the budget amount. Quarterly budget to actual reports are presented and accepted by the City Council. The major funds, General, Electric and Water/Wastewater, budget to actual reports are presented and accepted on a monthly basis. During the year, the City Administrator may recommend budget amendments to the City Council as needed. The City Council must authorize budget amendments by a 2/3 vote.

## Overview of Revenues

The City of Geneva has developed a diverse base of revenues to fund its operational and capital needs. This section describes forecast methods, major revenue sources, trends, and effects on the City. Special emphasis is placed on four major revenue sources for the General Fund. Collectively, these revenues represent 78.2% of the City's budgeted revenues within the General Fund for FY 2024. Property taxes are noted as a stand out item in this section as these revenues are recognized in two City funds (General and Geneva Community Mental Health).

## Revenue Forecast Methodology

The City of Geneva uses various sources of information to forecast revenue. This includes previous year trends, economic conditions, information from the County and Township assessors, the Illinois Municipal League, and rate studies for the Electric and Water/Wastewater Funds. Trend forecast models are used for sales tax, municipal tax, telecommunications tax, income tax, MFT tax, and enterprise funds. External economic conditions including inflation, unemployment, and interest rates are also taken into consideration when forecasting revenues.

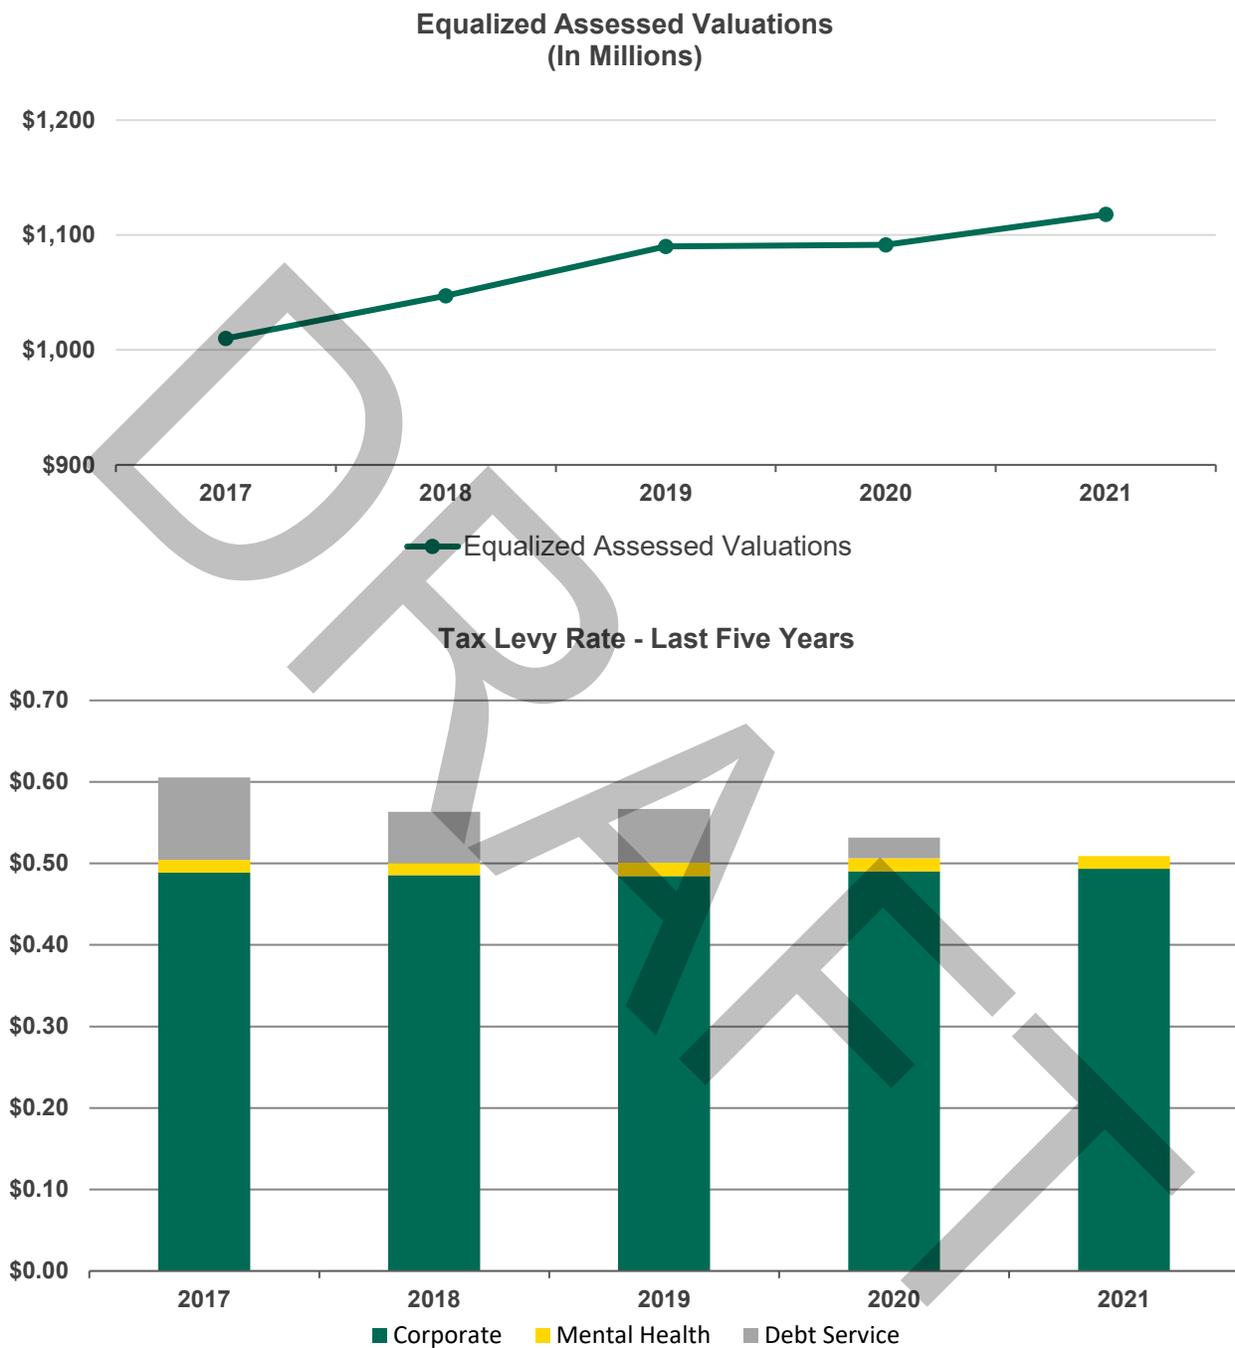

## Major Revenues

### **Ad Valorem Property Tax (\$5,818,020)**

Property taxes are collected on the assessed valuation of taxable real personal property. The City establishes a legal right to the property tax assessments upon the enactment of a tax levy ordinance by the City Council. These tax assessments are levied in December and attached as an enforceable lien on the property as of January 1 of the same year. Tax bills are prepared by Kane County around May and August of the following year and are due in June and September, respectively. Taxes are collected and remitted to the City by the County Treasurer. The 2022 property taxes are collected in 2023 and provide funding for the FY 2024 budget.

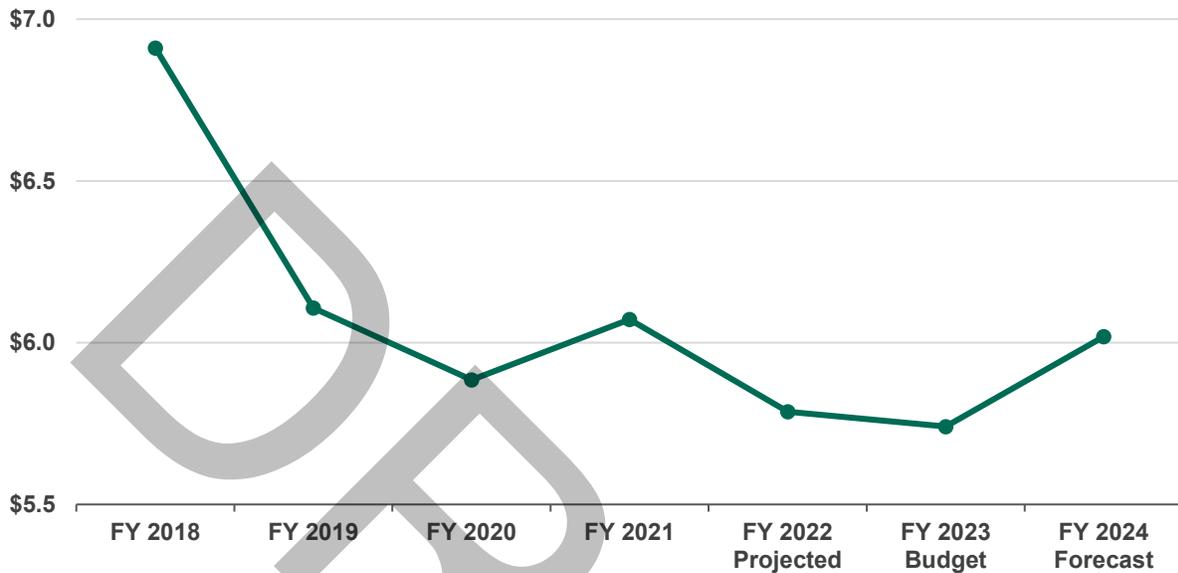

Kane County provides the Equalized Assessed Values (EAV) used in the calculation of property taxes necessary to fund the budget. Total assessed valuation in Geneva increased steadily during the early to mid-2000's then began a steady descent after Levy Year 2009 with a slow return since Levy Year 2014. The 2022 estimated assessed valuation of \$1,172,741,182 shows an increase of \$54,729,143 or 4.9% over 2021.

The tax levy rate also used to calculate property taxes, peaked in 2015 at \$0.7479 per \$100. From 2015-2021, the rate was on a downward trend due to a decrease in required debt service payments. The estimated tax rate for 2022 is \$0.512324 or a 1.8% increase compared to 2021.

Property Taxes are reflected in the General and Geneva Community Mental Health Funds. Budgeted FY 2024 ad valorem property taxes total \$5,818,020 or 23.9% of current revenue in the General Fund. Mental Health Fund has budgeted property tax revenues of \$200,000.

**Major Revenue Sources - Last Ten Fiscal Years  
(In Millions)**

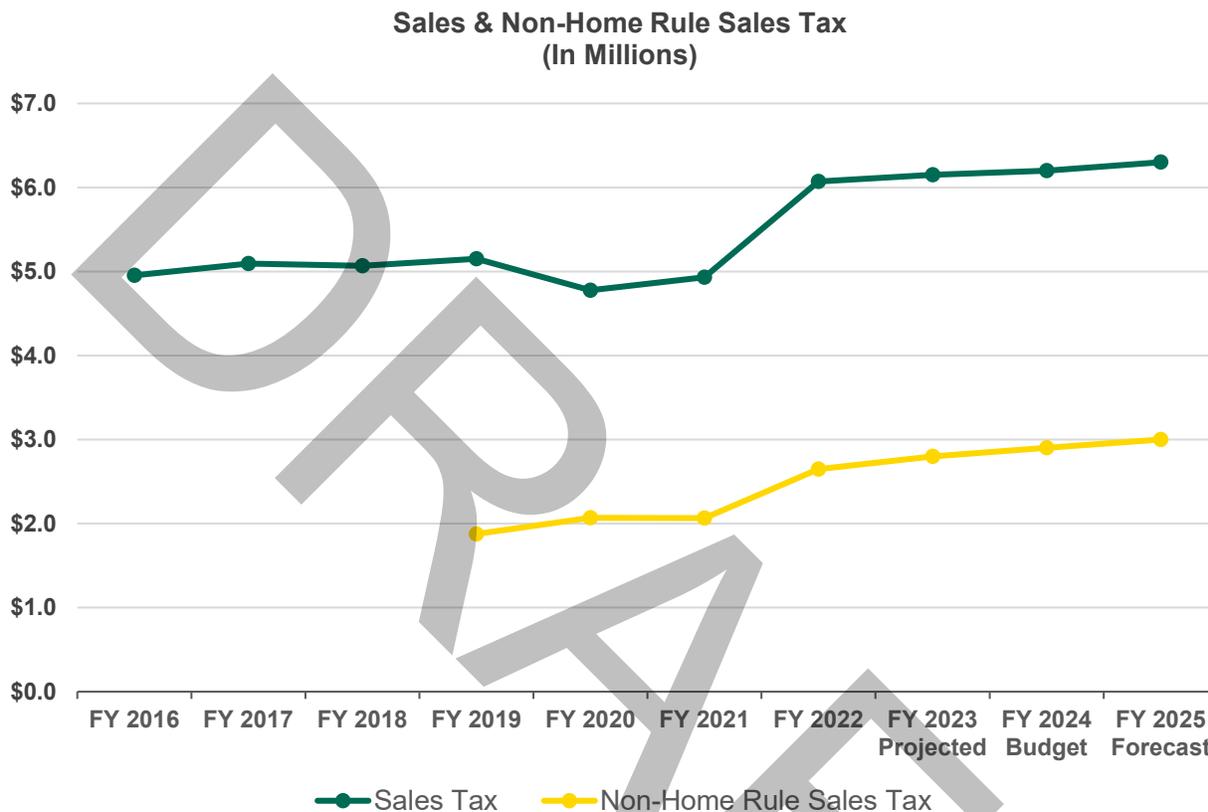

**Sales Tax Generally**

Retail Occupation Sales Tax of 8.0% is collected by the State, effective July 1, 2018. Sales tax is remitted to the City three months after the liability occurs. The City currently receives 2.0% of the revenues collected. The breakdown of the tax is below:

- Sales Tax (State Share) – 1%
- Non-Home Rule Sales Tax (General, unrestricted) - 0.5%
- Non-Home Rule Sales Tax (Infrastructure Capital Projects Fund, restricted) - 0.5%

**Sales Tax (\$6,200,000)**

The largest source of revenue for the City’s General Fund is local Sales taxes. This figure represents approximately 25.5% of the total revenue in the General Fund.

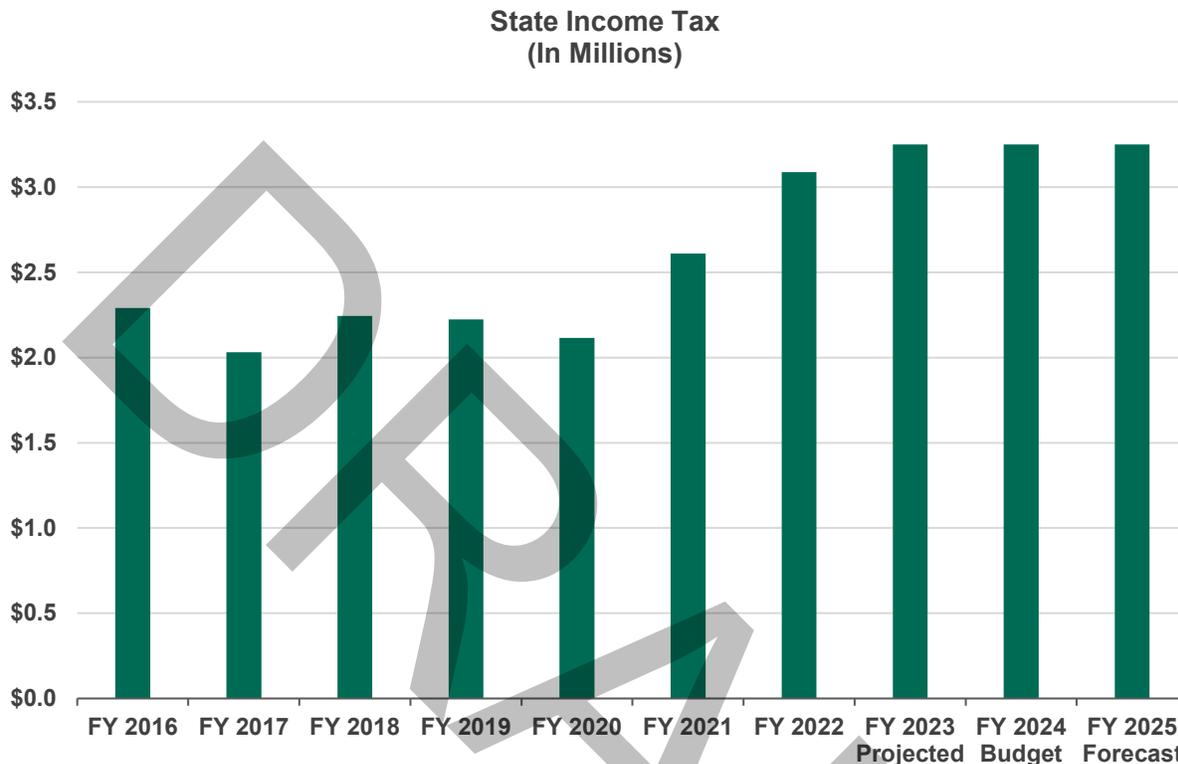

**Non-Home Rule Sales Tax – Unrestricted (\$2,900,000)**

On March 20, 2018, the City gained a new revenue stream by passing a resolution for a city-wide referendum to impose an additional 0.5% non-home rule municipal retailer’s occupation tax and non-home rule municipal service occupation tax. The additional 0.5% rate began collection on July 1, 2018. (This tax does not apply to sales of food, drugs, and medical appliances.) The State withholds 1.5% of collections to cover administration costs. Non-home rule sales taxes are expected to increase slightly from the FY 2023 totals. The City estimates to collect approximately \$2,900,000 for FY 2024.

**State Income Tax (\$3,250,000)**

The City currently receives State Income Tax revenues from the State of Illinois Local Government Distributive Fund (LGDF). LGDF is collected by the State and is distributed, on a per capita basis, one month after the liability occurs. State Income Tax is expected to increase from

the current year estimates. There is always a threat of a reduction in LGDF, and this fiscal year will be no exception.

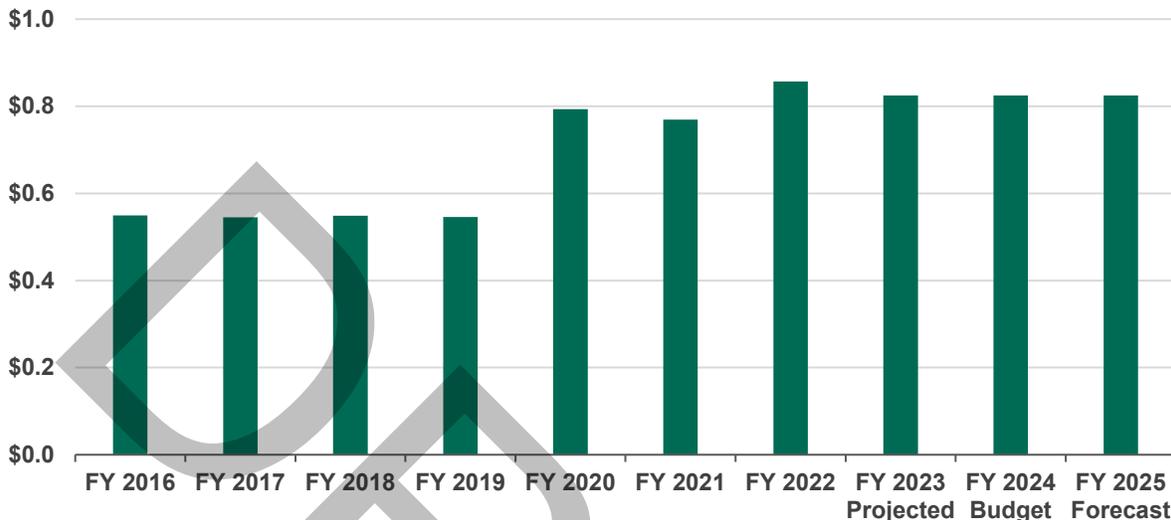

**Other Revenue Sources**

**Motor Fuel Tax (\$825,000)**

The Illinois Motor Fuel Tax (MFT) Fund is derived from a tax on the privilege of operating motor vehicles upon public highways and of operating recreational watercraft upon the waters of the State, based upon the consumption of motor fuel. The Department of Transportation allocates this money according to the MFT Fund Distribution statute (35 ILCS 505/8) and initiates the process for distribution of motor fuel tax to the counties, townships, and municipalities. Effective July 1, 2019, the State of Illinois doubled the motor fuel tax rate for all unleaded gas purchases.

The FY 2023 projection is \$825,000. The FY 2024 budget estimates \$825,000 in MFT revenues to be recorded in the MFT Special Revenue Fund. The City will use these funds towards the street improvement program.

**Non-Home Rule Sales Tax – Restricted (\$2,900,000)**

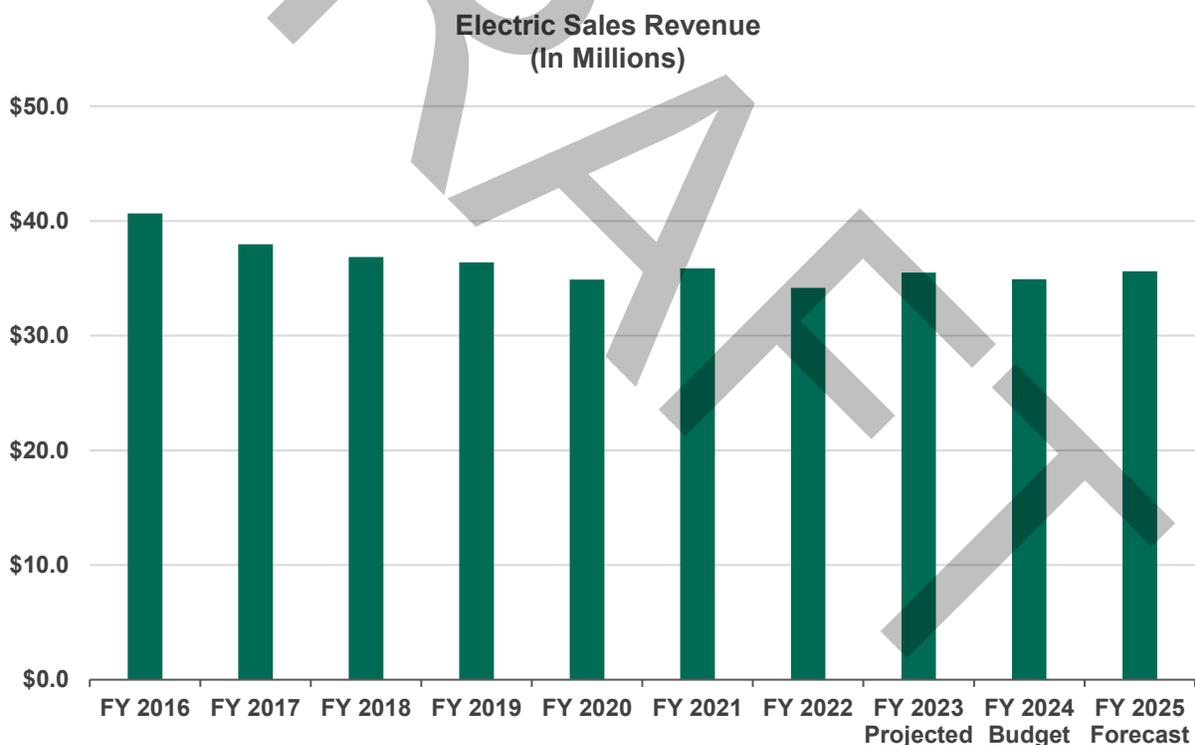

The 0.5% non-home rule sales tax was instituted by referendum in 2007 and is restricted to “Infrastructure” related capital projects and recorded in the Infrastructure Capital Projects Fund. This tax does not apply to sales of food, drugs, and medical appliances; therefore, it is not exactly half of the Sales Tax. The State withholds 1.5% of the collections to cover administration costs. Non-home rule sales taxes are expected to increase due to the increase cost of goods and an increase in e-commerce transactions.

### Electric Sales (\$34,902,565)

Electric revenues are based on a Class Cost of Service rate structure developed to ensure each rate class pays its fair share of the utility’s cost of providing reliable electric service to the community. Geneva’s rates contain a Power Cost Adjustment (PCA) factor, which accounts for variations in the cost of electricity to the utility. Geneva utilizes a third party to conduct Class Cost of Service Studies and make rate recommendations with the last two recommendations made in FY 2014 and FY 2020. The results of these studies have shown the utility rates continue to recover the utility’s projected costs to provide electric service. Therefore, rate adjustment recommendations from these studies have been revenue-neutral to the utility. The City is a partner in the Northern Illinois Municipal Power Agency (NIMPA), which owns part of a coal-fired generating facility in southern Illinois. The City also generates power during peak demand time via the Geneva Generating Facility (GGF), a behind-the-meter natural gas-fired generating station, thereby limiting exposure to seasonal energy and capacity cost market fluctuations. As market costs vary, the PCA factor correspondingly adjusts revenues. The FY 2024 budget of \$34,902,565 is based on a flat market expectation.

### Water Sales (\$6,148,000)

Water revenues are based on the number of cubic feet used by individual homes and businesses. Water rates are developed to recover the cost of providing potable water to the City users. The City pumps water from underground wells and treats it through a reverse osmosis system at the Water Treatment Plant. Water consumption has been steadily decreasing over the past several years and a rate restructuring in 2015 has provided a fixed component that is independent of usage. The FY 2024 budget of \$6,148,000 is flat from the FY 2023 budget.

### Sewer Sales (\$3,746,500)

Sewer sales are largely based on water consumption and have generally followed the same trends. The FY 2024 budget of \$3,746,500 is consistent with FY 2023 budget.

## Overview and Debt Financing Principles

Local governments are often faced with increasing demands for services and infrastructure improvements. These demands often exceed the corresponding revenue necessary to finance the services and improvements producing a need to finance public facilities and infrastructure. Through debt financing, the City can construct improvements in advance of or as the need arises rather than delaying projects. Debt financing more fairly distributes the costs of the improvements to the users of the project over its lifetime.

The goal of the City's debt policy is to maintain the ability to provide high-quality essential City services and improvements in a cost-effective manner. Policy makers weigh this goal against maintaining the ability to borrow at the lowest possible rates. The City uses the following guidelines before financing projects with long term debt:

- Management staff and elected officials conservatively project the revenue sources to pay off the debt.
- The financing of the improvement will not exceed its useful life.
- The benefits of the improvement must outweigh its costs, including the interest costs of financing.
- The use of long-term borrowing will be limited to capital improvement projects that cannot be financed from current revenues. Debt will not be used to cover deficits (annual spending greater than annual revenue) or to cover short-term cash flow difficulties.
- As a non-home rule government, under Illinois law, the City is limited in issuing debt to 8.625% of the equalized assessed valuation (EAV). Additionally, the City will strive to keep the average maturity of all debt at or below fifteen years.

## Outstanding Debt

The following provides a summary of the City's outstanding debt issues. The City's general obligation bonds have received a credit rating of "Aa2" by Moody's Investors Service. The rating was reaffirmed on November 2, 2021.

*General Obligation Bonds* – The City issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for both general government and proprietary activities. In addition, general obligation bonds have been issued to refund general obligation bonds. General obligation bonds are direct obligations and pledge the full faith and credit of the City. General obligation bonds currently outstanding are as follows:

Description	Fund	Maturity Date	Original Amount	Outstanding Amount (04/30/23)	Principal Payments FY 2024
2021 Refunding Bonds	Water/Wastewater	02-01-2030	10,885,000	9,555,000	1,630,000
Total General Obligation Bonds				9,555,000	1,630,000

*Loans Payable* – Loans payable represents obligations to the Illinois Environmental Protection Agency for the construction of drinking water or wastewater facilities. Loans payable currently outstanding are as follows:

Description	Fund	Maturity Date	Original Amount	Outstanding Amount (04/30/23)	Principal Payments FY 2024
IEPA Loan (L17-1854)	Water/Wastewater	06-01-2023	5,500,000	177,902	177,902
IEPA Loan (L17-5415)	Water/Wastewater	06-20-2039	11,626,046	10,414,040	530,054
Total Notes Payable				10,070,061	707,996

*Equipment Leases* – The City entered into an agreement with Enterprise to lease vehicles in July 2019. The vehicles were delivered between January 2020 and September 2020. The City entering into a lease agreement for fire tower truck in 2021 with delivery in 2022.

Description	Fund	Maturity Date	Original Amount	Outstanding Amount (04/30/23)	Principal Payments FY 2024
Enterprise Lease	Cap Equip, Electric, & Water/Waste	Various	594,642	163,976	101,318
PNC/Pierce Lease	Capital Equipment	08-08-2028	1,136,599	830,713	158,832
Total Vehicle Lease				994,689	260,150

### Legal Debt Margin

The percentage of legal debt margin used measures the City's ability to issue bonded debt. Direct bonded debt is debt for which the City has pledged its full faith and credit. The debt limit establishes a maximum dollar limitation calculated under existing law. The debt limitations provided by Illinois state statute limit the debt of the City to 8.625% of its EAV.

### Legal Debt Margin

2022 Estimated Equalized Assessed Valuation		\$1,172,741,182
Statutory Debt Limitation (8.625% of EAV)		101,148,927
General Obligation Debt:		
Series 2021 (1)	\$ 10,885,000	
Less: Alternate Revenue Bonds (1)	<u>(10,885,000)</u>	
Total Bonds	0	
Total Applicable Debt		<u>0</u>
Legal Debt Margin		\$101,148,927

Notes: (1) The Series 2021 Bonds are General Obligation Alternate Revenue Bonds under Illinois Statute and are not included in the computation of the legal debt margin as long as the debt service levy for such bonds are abated annually and not extended.

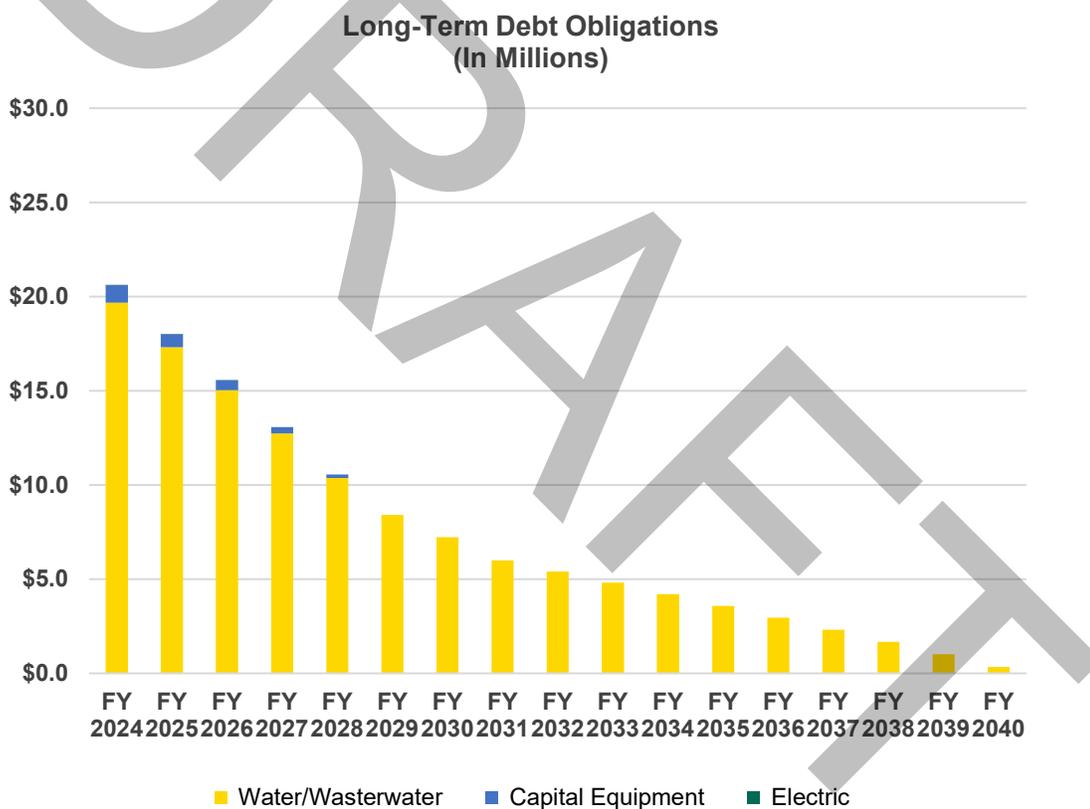

### Annual Debt Service

The following table provides a summary of the City’s annual debt service requirements (principal and interest) on current debt obligations from the budget year through the final year of debt retirement. Two bond issues are contemplated in the FY 2024 budget, the principle and interest payments are not reflected in the charts and graphs below. The City has never defaulted on the payment of any of its debt obligations.

### Annual Debt Service Requirements

Year	Principal	Interest	Total
2024	2,598,106	568,629	3,166,735
2025	2,472,548	484,608	2,957,157
2026	2,478,717	395,706	2,874,423
2027	2,520,146	312,691	2,832,837
2028-2032	5,738,579	687,910	6,426,489
2033-2040	4,811,654	305,689	5,117,343

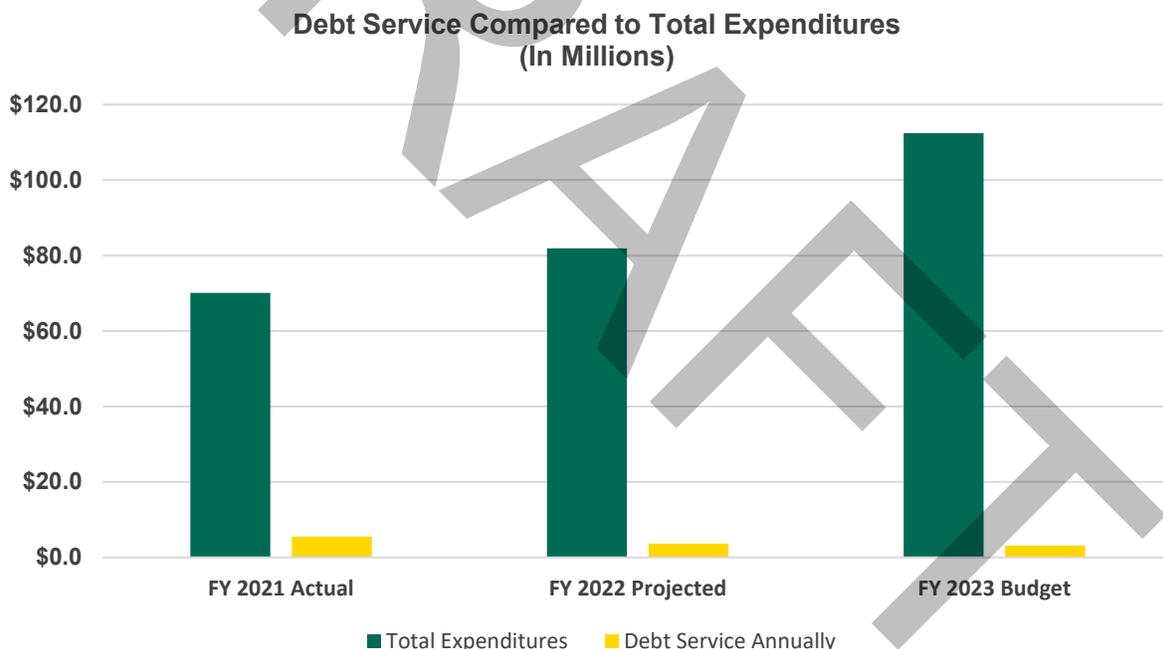

### Effect of Debt on Current and Future Operations

The table below shows a comparison of budgeted debt service expenditures as a percentage of total City expenditures:

**Debt Service as a Percentage of Total Expenditures**

	<b>FY 2022 Actual</b>	<b>FY 2023 Projected</b>	<b>FY 2024 Budget</b>
Total Expenditures	\$85,984,367	\$128,290,940	\$112,879,160
Debt Service Annually	15,719,860	3,373,080	3,166,470
Debt Service as a Percentage of Total Expenditures	18.28%	2.63%	2.81%

Each year, the City prepares a capital improvement plan (see Capital Improvement Program Section). In preparing the plan, the City forecasts revenues and expenditures for the plan period and beyond. Part of this forecasting involves analyzing the impact of future debt service payments. The forecast indicates alternate revenue sources will provide sufficient funding of future debt service payments abating the use of property tax levies, contributions from operating funds, and minor growth in sales tax revenues.
