CONTRACT BOND

LET IT BE KNOWN TO ALL, that GLOBE CONSTRUCTION, INC., a corporation organized under the laws of the State of Illinois and licensed to do business in the State of Illinois, as PRINCIPAL, and Swiss Re Corporate Solutions Premiere Insurance Corporation, a corporation and existing under the laws of the State of New Hampshire, with authority to do business in the State of Illinois, as SURETY, are held and firmly bound unto the City of Geneva, Illinois in the penal sum of the contract value, lawful money of the United States, well and truly to be paid unto said City of Geneva, State of Illinois, for the payment of which we bind ourselves, our heirs, executors, administrators, successors, jointly to pay the City of Geneva, State of Illinois this sum under the conditions of this instrument.

WHEREAS THE CONDITION OF THE FOREGOING OBLIGATION IS SUCH that, the said Principal has entered into a written contract with the City of Geneva, State of Illinois, which is a municipal corporation and acts through the Mayor and City Council for the construction of the work designated 2023 SIDEWALK AND CURB MAINTENANCE PROJECT which contract is hereby referred to and made a part hereof, as if written herein at length, and whereby the said Principal has promised and agreed to perform said work in accordance with the terms of said contract, and has promised to pay all sums of money due for any labor, materials, apparatus, fixtures or machinery furnished to such Principal for the purpose of performing such work and has further agreed to pay all direct and indirect damages to any person, firm, company or corporation suffered or sustained on account of the performance of such work during the time thereof and until such work is completed and accepted; and has further agreed that this bond shall inure to the benefit of any person, firm, company or corporation to whom any money may be due from the Principal, subcontractor or otherwise for any such labor, materials, apparatus, fixtures or machinery so furnished and that suit may be maintained on such bond by any such person, firm, company or corporation for the recovery of any such money; and further agrees to obtain a one (1) year maintenance bond to remain in effect for the duration of one (1) year after final payment.

NOW THEREFORE, If the said Principal shall well and truly perform said work in accordance with the terms of said contract, and shall pay all sums of money due or to become due for any labor, materials, apparatus, fixtures or machinery furnished to him for the purpose of constructing such work, and shall commence and complete the work within the time prescribed in said contract, and shall pay and discharge all damages, direct and indirect, that may be suffered or sustained on account of such work during the time of the performance thereof and until the said work shall have been accepted, and shall hold the aforesaid City of Geneva, Illinois and its awarding authority harmless on account of any such damages and shall in all respects fully and faithfully comply with all the provisions, conditions and requirements of said contract, then this obligation to be void; otherwise to remain in full force and effect.

IN TESTIMONY WHEREOF, the said PRINCIPAL and the said SURETY have caused this instrument to be signed by their respective officers

this 14th day of June A.D. 2023

NOTICE TO BIDDERS

Bids submitted in duplicate, in a sealed envelope with the words "2023 Sidewalk and Curb Maintenance Project" clearly marked on it, will be received by the City of Geneva, Illinois until 10:00 AM on Monday; May 8, 2023 at the office of the City Administrator, 22 South First Street, Geneva, IL 60134, at which time they will be publicly opened and read aloud. The Contractor shall submit a unit price to remove and replace the following three items. This unit price shall be for furnishing of all equipment, materials, labor, and incidentals necessary to complete the work for the construction of a range of:

- | | | | |
|----|-----------|-------|--------------------------------------|
| 1. | 3500-4000 | SQ FT | PCC SIDEWALK REMOVAL AND REPLACEMENT |
| 2. | 600-700 | SQ FT | PCC SIDEWALK NEW INSTALL |
| 3. | 700-900 | LN FT | PCC CURB REMOVAL AND REPLACEMENT |
| 4. | 0-1 | EA | STAIRS REMOVAL & REPLACEMENT |
| 5. | 10-20 | SQ FT | DETECTABLE WARNINGS |

All proposals shall be accompanied by a proposal guaranty equaling an amount not less than \$2,500.00. This guaranty may be in the form of a Bid Bond or cashier's check. The successful Bidder shall be required to submit a Contract Bond. The amount of the Contract Bond will be included in the Notice of Award.

The successful bidder shall also submit a current proof of insurance with the City of Geneva, Illinois listed as Additionally Insured.

All bidders shall pay to all his/her employees and suppliers performing any and all work under this contract no less than the current prevailing wages in Kane County, Illinois.

The bid package for this project is available only on the City's web site at <http://www.geneva.il.us/bids.aspx>

Contact person: City Engineer Brian Davids, P.E. (630) 232-1501 or bdavids@geneva.il.us

INSTRUCTIONS TO BIDDERS

By submitting a bid, the Contractor is affirming that he/she has carefully read and examined all of the contract documents and the site, and is aware of the requirements necessary to complete the tasks as listed in this contract.

The Bidder shall list the unit price for each line item and shall also list total cost of their bid. The Bidder shall be responsible for all errors and/or omissions in the submittal. If there is an error, the overall cost will be calculated using the unit prices submitted.

Only proposals which are made out upon the supplied proposal forms will be considered. The proposal forms must not be separated from the complete set of documents.

The Contractor will be required to know and comply with all Federal and State Codes and laws which apply to the work to be done.

All ordinances of the City of Geneva, Illinois, in which city these improvements are located, must be complied with.

The successful Bidder will be required to furnish a Contract Bond for the full amount of their bid to the City. The guarantor shall be a surety company dully authorized to do business in the State of Illinois.

Wherever removal is specified in this contract, the disposal of said item shall be included in the unit price of the pay item.

Bidders in doubt as to the true meaning of any part of the contract documents shall submit to the City Engineer a written request for an interpretation thereof. The City Engineer will give an interpretation of the matter in question by issuing an "Addenda" and sending same to each person receiving a set of these contract documents. Interpretations requested less than 48 hours before the scheduled bid opening will not be responded to.

The contract shall be deemed as having been awarded when formal written notice of award has been duly served upon the successful Bidder. After the notice of award the Contractor shall have 15 days to respond and to whom the City contemplates awarding the contract by some officer or agent of the City duly authorized to give such notice and the Contractor shall start construction immediately upon award of contract.

Bidders are cautioned to inform themselves of the conditions under which the work is to be done, the site of the work, the structure of the ground, sub-surface or underground conditions that may be encountered in the progress of the work and all other relevant matters which may affect the prices submitted for the work to be performed so that the bid will cover all expenses of disbursements in connection therewith. If awarded the contract, the Bidder will not be allowed any extra compensation by reason of any matter of thing concerning which such Bidder might have fully informed himself, because of failure to have so informed himself prior to the bidding.

No official, officer, or agent of the City is authorized to make any representations as to the materials or workmanship involved, or the conditions to be encountered, and the Contractor agrees that no such statement or the evidence of any document or plan not a part of the contract shall constitute any grounds for claims as to conditions encountered. No verbal agreement of conversation with any officer, agent, or employee of the City either before or after the execution of this contract shall affect or modify any terms or obligations herein contained.

The City does not guarantee the existence, non-existence, or locations of any surface or sub-surface structures, not the character of any sub-surface material which may be shown on the plans. The inclusion of such structures or materials is based on the best data available but should not be regarded as conclusive.

All the inspection and testing of materials shall be under the direction of the Engineer and shall be in accordance with the individual requirements of the Specifications, for the various particular parts of the work.

Bids which are not signed by individuals making them should have attached thereto a power of attorney evidencing authority to sign the bid in the name of the person for whom it is signed.

Bids which are signed for a partnership should be signed by all of the partners or by an attorney-in-fact. If signed by an attorney-in-fact, there should be attached to the bid a power of attorney evidencing authority to sign the bid, executed by the partners.

Bids which are signed for a corporation should give the correct corporate name thereof and the signature of the president or other authorized officer of the corporation manually written below the corporate name. If such a bid is manually signed by an official other than the president of the corporation, a certified copy of a resolution of the board of directors evidencing the authority of such official to sign the bid should be attached to it. Such a bid should also bear the attesting signature of the secretary of the corporation and the impression of the corporate seal.

Before an award of the contract is made to a Contractor, said Contractor may be required, upon request by the City, to furnish any of the following information:

- a. Performance record
- b. Address and description of plant or permanent place of business
- c. An itemized list of equipment
- d. A financial statement
- e. Such additional information as will satisfy them that the Bidder is adequately prepared to fulfill the contract.

The Contract shall be deemed as having been awarded when formal written notice of award has been duly served upon the Bidder to whom the City contemplates awarding the Contract by some officer or agent of the City duly authorized to give notice.

PREVAILING WAGE REQUIREMENTS

Please be aware of the following two requirements of the Illinois Department of Labor for the Contractor and every Subcontractor working on public improvement projects in Illinois. There will be no exception to these public acts under this contract. Starting from the date the notice to proceed is issued, the Contractor and the Subcontractor will submit certified payroll records every calendar month for work done on this project as stated below.

- A. **CERTIFIED PAYROLL REQUIREMENTS (PUBLIC ACT 94-0515):** Effective August 10, 2005, Contractors and Subcontractors on public works projects must submit certified payroll records on a monthly basis to the public body in charge of the construction project, along with a statement affirming that such records are true and accurate, that the wages paid to each worker are not less than the required prevailing rate and that the Contractor is aware that filing records he or she knows to be false is a Class B misdemeanor.

The certified payroll records must include for every worker employed on the public works project the name, address, telephone number, social security number (the last four (4) digits is sufficient), job classification, hourly wages paid in each pay period, number of hours worked each day, and starting and ending time of work each day. These certified payroll records are considered public records, and public bodies must make these records available to the public under the Freedom of Information Act, with the exception of the employee's address, telephone number, and social security number. Any Contractor who fails to submit a certified payroll or knowingly files a false certified payroll is guilty of a Class B misdemeanor.

- B. **INCREASED PENALTIES FOR PREVAILING WAGE VIOLATION (PUBLIC ACT 94-0488):** Effective January 1, 2006, penalties for violations of the Prevailing Wage Act will be 50% of the underpaid amounts for second or subsequent violations. An additional penalty of 5% of the underpayment penalty must be paid to workers for each month the wages remain unpaid.

For violations that occur after January 1, 2006, the debarment period—during which Contractors are ineligible for public works contracts—increases from 2 years to 4 years if two notices of violation are issued/serious violations occur within a 5-year period. In addition, a new monetary penalty of \$5,000 may be assessed against Contractors who retaliate against employees who report violations or file complaints under the Prevailing Wage Act.

FREEDOM OF INFORMATION ACT

Contractor acknowledges that the Freedom of Information Act, 5 ILCS 140/1 et seq. (the "Act") places an obligation on the City to produce certain records that may be in the possession of Contractor. Contractor shall comply with the record retention and documentation requirements of the Local Records Act 50 ILCS 205/1 et seq. and the Act and shall maintain all records relating to this Agreement 2023 SIDEWALK AND CURB MAINTENANCE PROJECT in compliance with the Local Records Retention Act and the Act (complying in all respects as if the Contractor was, in fact, the City. Upon notice from the City, Contractor shall review its records promptly and produce to the City within two business days of said notice from the City the required documents which are responsive to a request under the Act. If additional time is necessary to comply with the request, the Contractor may request the City to extend the time do so, and the City will, if time and a basis for extension under the Act permits, consider such extensions. In the event Contractor fails to produce the requested records or fails to produce the requested records within the time period required above and the City is assessed a fine, fee or penalty for failure to timely comply with the Act do to Contractor's actions, Contractor shall reimburse City for all fines, fee or penalties, including reasonable attorney's fees, paid by the City.

SPECIAL PROVISIONS 2023 SIDEWALK AND CURB MAINTENANCE PROJECT

GENERAL/DESCRIPTION OF IMPROVEMENT

This work consists of removing and replacing sidewalk, curb, and detectable warnings at various locations throughout the city. In general, the work is expected to be distributed evenly throughout the city and usually varies something like 1-5 squares of sidewalk or 5-20' of concrete at any individual address.

All work performed under this contract shall be governed by and comply with the "Standard Specifications for Road and Bridge Construction" prepared by the Department of Transportation of the State of Illinois and adopted on April 1, 2016 hereafter referred to as the "Standard Specifications", Supplemental Specifications & Recurring Special Provisions, the latest edition of the "Manual on Uniform Traffic Control Devices", and according to the ADA requirements; all in effect on the date of the invitation for written proposals; the provisions of the General and Special Conditions of the Contract; and these Special Provisions.

All work to be done under this contract shall be done according to current standards and in a manner that is acceptable by the City Engineer.

TIME SCHEDULE; LIQUIDATED DAMAGES

1. Important Dates:

Bid Opening	May 8, 2023 @ 10:00 AM; City Hall
City Council Award	June 5, 2023
Notice of Award	June 6, 2023
Preconstruction Meeting:	June 8, 2023 @ 9:00 AM; Public Works
Notice to Proceed	June 9, 2023 (Tentative)
Substantial Completion	July 28, 2023
Phase 100 % Completion	August 4, 2023

When a completion date is specified, it is understood that time is of the essence and that completion of the work by that date is an essential part of the contract. The Contractor's plea that insufficient time was specified is not a valid reason for extension of time. Failure to complete any work list by the specified completion dates above will result in liquidated damages.

2. Working Hours

The working hours for this project are as follows:

7:00 A.M. – 3:30 P.M. Monday through Friday

No work is allowed on Saturdays, Sundays, or Holidays. Any work outside of these hours must be approved by the City Engineer or his designee a minimum of 24 hours in advance.

3. Liquidated Damages

Liquidated Damages referred to in the Standard Specifications Article 108.09 shall be paid by the Contractor to the Owner as stated for each calendar day after the completion dates stated above.

4. Work on the Day before a Weekend, Holiday or Any Break from Construction

Removals of any item on a Fridays shall not be allowed unless it will be replaced right away and it is authorized by the Engineer. Typically, the Contractor shall complete replacements Monday to Thursday. Any deviations from this schedule will be approved by the Engineer at least 24 hours in

advance. It is the Contractor's responsibility to watch and protect each pour location from defacing or vandalism. The cost associated with replacing items previously worked on due to defacing or vandalism, shall be done at the Contractor's expense.

5. Required Work Item Schedule

Below is the required schedule for work at any individual location. This schedule shall be used for all PCC pay items. The days may be reduced if approved by the Engineer.

Required Work Schedule	
Work	Calendar days to complete task (counting from the day removal started)
Concrete Installation	5
Remove Forms, Backfill with Topsoil or Stone. Grant access to driveways.	10
Restoration	15

Work will be measured for payment for in-place quantities. There will be no compensation for work done outside of the limits. Work shall be completed within the specified timeframe else the City may complete the work and back charge the Contractor. Actual costs incurred by the City for performing this work shall be deducted from the monies due the Contractor.

EXISTING UTILITIES

Prior to commencing work, the Contractor shall contact JULIE at 1 800 892 0123 and have each utility located within the work area.

The Contractor shall cooperate with all utility companies and municipalities involved with the removal, temporary relocation, reconstruction and/or abandonment by the owner of the utility.

The Contractor will not be allowed any additional compensation for any expense incurred by complying with these requirements, or because of reasonable delays, inconvenience or interruptions to his work resulting from the failure of the municipality or utility company to remove, relocate, reconstruct or abandon their services.

PRE-CONSTRUCTION CONFERENCE

Following the award of the Contract the Contractor shall attend a Preconstruction Conference as scheduled above. At this time, the Contractor shall submit and discuss the following:

1. Written work schedule and a start date.
2. Names of Project Manager, Field Superintendent, and the name and phone number of a responsible individual who can be reached 24 hours a day.
3. Names, phone number of sub-Contractors and material suppliers.

INSPECTION

The Contractor shall conduct his work in full cooperation with the Engineer. The Engineer must be notified for inspection prior to the placement of any materials; patch, curb, sidewalk or restoration. Any materials placed before inspection by the Engineer shall be deemed unacceptable and no compensation will be allowed.

PAYMENT

The work done will be paid for according to the awarded contract unit price.

1. Pay Requests

Pay requests will be processed once per month.

2. Retainage

If more than one payment is necessary there will be a 10% retainage.

3. Waiver of Lien

The first partial Waiver of Lien equivalent to the amount of the first pay request shall be submitted with the second pay request. Thereafter each pay request shall be submitted with a partial waiver for the cumulative amount of the preceding payments. A final Waiver of Lien shall be for the closeout amount and it shall be submitted before the final payment is processed. The Contractor shall submit final Waivers of Lien for all work including subcontractors.

4. Material certification for all materials used in this project shall be submitted.

SUBCONTRACTORS

The Owner reserves the right to accept or reject any sub-Contractors due to past performance. The rejection of any subcontractor shall not be grounds to renegotiate a change in unit prices. The Contractor shall do more than 50% of the work in this contract with his or her own work forces.

PROTECTION OF PUBLIC AND PRIVATE PROPERTY

The Contractor shall exercise reasonable care to protect all existing features and utilities in the public right-of-way (ROW). This includes but not limited to landscaping, fencing, sprinkler systems, drain lines, and invisible dog fences.

Any item damaged due to negligence shall be repaired or replaced in kind by the Contractor as directed by the Engineer. No additional compensation will be allowed.

USE OF CITY WATER

The Contractor will be permitted use of City water for this project at no charge but the water must be metered. The Contractor may obtain a hydrant meter from the City of Geneva's Public Works Department. Use of a water hose larger than 2 inches shall ONLY be connected onto hydrants at the public works facility at 1800 South Street. This water can then be trucked to the location where it will be used. The Contractor may be allowed up to a 2 inch water hose on most hydrants in town but the Contractor shall verify with the Engineer before he exercises any hydrant. A deposit is required for all meters: \$1,000.00 for 2 inches and above and \$200.00 for meters smaller than 2 inches. The Contractor may use gray water from the treatment

plant or truck in water at their own expense. If water is trucked in, the source of the water must be disclosed and verified by the Engineer.

RESIDENT NOTIFICATION

The Contractor shall distribute notices provided by the City to the residents or business owners that are affected by this work. The notice shall be delivered twenty-four (24) to forty-eight (48) hours before work begins at that location.

CONTROL BY CONTRACTOR

The Contractor shall be fully responsible for maintaining alignment and grade.

The Contractor shall set and maintain all intermediate points, offset points, lines, grades, elevations, and offset elevations not set by the Engineer. The accuracy of the Contractor's surveys and staking shall be their responsibility.

A reasonable amount of time shall be allowed by the Contractor after they call for inspections of the form boards by the Engineer prior to placement of the concrete. The Contractor shall not claim additional compensation for any delay due to the Engineer exercising this right, for any corrective work which may be required as the result of the Contractor's errors or any removal and replacement of items not inspected or approved.

FINAL CLEANUP

The Contractor shall be responsible to maintain the roadway, driveways, and utility structures void of all foreign materials deposited during the workday. At the end of each workday all accumulated foreign material in the right of way or in any utility structure shall be removed. If any large amount of material falls into any drainage structure it shall be removed immediately. The Contractor shall maintain the worksite in a clean and acceptable manner. If in the opinion of the Engineer the work site is not being maintained the City may elect to clean up the site and bill the Contractor for the cost of the cleanup.

CONCRETE CURING AND SEALING

All exposed concrete surfaces constructed as part of this contract shall be cured according to Article 1020.13 with the following exceptions:

Only the Membrane Curing Method specified in article 1020.13 (a) (4) using an IDOT approved concrete curing and sealing compound and IDOT approved application equipment shall be used.

Concrete curing shall be included in the unit cost; no additional compensation will be allowed.

INCREASE, DECREASE OR DELETION OF QUANTITIES OR ITEMS

The Engineer reserves the right to add or delete quantities to this contract per these special provisions and as allowed by the State.

PCC SIDEWALK REMOVAL AND REPLACEMENT

DESCRIPTION:

This work shall consist of removing and replacing PCC sidewalk matching the existing width and thickness of the adjacent and / or abutting sidewalk. The Contractor shall saw cut the sidewalk as marked for removal. The Contractor shall also saw cut along the edge of driveway pavement before squares within driveways are removed. This work will be done in accordance with Sections 423, 424, and 440 of the Standard Specifications. The Contractor may need to regrade the existing aggregate before pouring. This item includes both in-driveway (typically 7") and out-of-driveway (typically 5") sidewalk sizes.

The sub-base, after the removal is complete, will be regraded and/or compacted before pouring the PCC and this work shall be included in the unit price for each of the above items. The Contractor shall supply some aggregate to regrade the base when needed.

METHOD OF MEASUREMENT:

This work will be measured for payment for in place quantities in square foot.

BASIS OF PAYMENT:

This work shall be paid for at the contract unit prices per square foot for PCC SIDEWALK REMOVAL AND REPLACEMENT.

PCC SIDEWALK NEW INSTALL

DESCRIPTION:

This work shall consist of removing existing gravel or sod and installing PCC sidewalk matching the existing width and thickness of the adjacent and / or abutting sidewalk. This work will be done in accordance with Sections 423, 424, and 440 of the Standard Specifications. The Contractor may need to regrade the existing aggregate and place new aggregate before pouring. This item includes both in-driveway (7") and out-of-driveway (typically 5") sidewalk sizes.

The sub-base, will be regraded and/or compacted before pouring the PCC and this work shall be included in the unit price for each of the above items. The Contractor shall supply aggregate to establish the base where needed.

METHOD OF MEASUREMENT:

This work will be measured for payment for in place quantities in square foot.

BASIS OF PAYMENT:

This work shall be paid for at the contract unit prices per square foot for PCC SIDEWALK NEW INSTALL.

PCC CURB REMOVAL AND REPLACEMENT

DESCRIPTION:

This work shall consist of removing and replacing PCC curb of the adjacent size and type. Two dowel bars shall be added at each cut end. Expansion joints shall be added 5 feet on either side of each inline frame & grate, and at each end of all curb segments replaced that are 10 feet and larger in length. The Contractor shall saw cut the limits marked by the Engineer. The Contractor shall also make a full depth cut along the edge of pavement / the face of the curb before removing the curb to avoid causing any damage to the existing pavement. The Contractor shall repair all pavement damage caused during the removal and replacement process. This pavement repair shall be included in the unit price submitted. Primarily curb is sized B6-12, but may include some portions of B6-24 as well.

METHOD OF MEASUREMENT:

This work will be measured for payment in place per linear feet.

BASIS OF PAYMENT:

This work shall be paid for at the contract unit price per linear foot PCC CURB REMOVAL AND REPLACEMENT.

STAIRS REMOVAL AND REPLACEMENT

DESCRIPTION:

This work shall consist of removing and replacing the stairway at the southeast corner of Fulton St. & 6th St. The Contractor shall saw cut the limits marked by the Engineer. The Contractor shall also make a full depth cut along the edge of pavement / the face of the curb before removing the curb to avoid causing any damage to the existing pavement. The Contractor shall repair all pavement and turf damage caused during the removal and replacement process. This pavement and turf repair shall be included in the unit price submitted.

The existing stairway consists of 10 steps measuring 48" by 24" across with a rise of 6".

METHOD OF MEASUREMENT:

This work will be measured for payment as each.

BASIS OF PAYMENT:

This work shall be paid for at the contract unit price each STAIRS REMOVAL AND REPLACEMENT.

IL ADA DETECTABLE WARNINGS

DESCRIPTION:

This work shall consist of the installation of detectable warnings in curb ramps in accordance with Article 424.09 of the Standard Specifications with the following exceptions:

The detectable warnings shall be red in color and shall be of a size, design, and made of material approved by the Accessibility Code and the Engineer. The detectable warnings shall be installed per the manufacturer's specifications and in accordance with current accessibility guidelines.

METHOD OF MEASUREMENT:

This work will be measured for payment in place per square foot.

BASIS OF PAYMENT:

This work shall be paid for at the contract unit price per square foot for IL ADA DETECTABLE WARNINGS.

GRASS RESTORATION

DESCRIPTION:

The Contractor is encouraged to minimize the grassed area that is disturbed because all grass restoration shall be included. This work when necessary shall consist of restoring all grass areas disturbed due to construction with Topsoil, 4", Grass Seeding, Class 1 Lawn Mixture with Fertilizer and Mulch, Method 3.

All damage to the parkway or grassed areas shall be held to a minimum that only the edges need restoration. The Contractor shall use a parkway preservation device such as plywood sheets to minimize rutting and other parkway damage due to equipment. Grass repair is considered incidental to the cost of other line items.

1. Topsoil, 4"

This work shall consist of furnishing and placing 4 inches of topsoil according to Section 211 of the Standard Specifications with the following exceptions:

The topsoil shall be placed in such a manner that after compaction and normal settling the final grade of the soil will not be lower than the elevation of the adjacent top of the curb, sidewalk or driveway.

2. Grass Seeding, Class 1 Lawn Mixture with Fertilizer

This work shall consist of preparing the seed bed and placing the seed and fertilizer to topsoil areas in accordance with Section 250 of the Standard Specifications with the following exceptions:

Inter-seeding and fertilizing of the existing grass will be allowed if in the Engineers opinion the existing turf was not excessively disturbed during the removal and replacement process.

3. Mulch, Method 3

This work shall consist of furnishing, transporting and placing mulch over seeded areas in accordance with Section 251 of the Standard Specifications.

ASPHALT RESTORATION

DESCRIPTION:

The Contractor is encouraged to minimize the asphalt area that is disturbed because all asphalt restoration shall be included. This work when necessary shall consist of restoring all asphalt areas disturbed due to construction with a minimum 1 foot wide section meeting the existing asphalt profile, for roads, driveways, or other disturbed asphalt areas. Asphalt repair is considered incidental to the cost of other line items.

SAW-CUTS

All saw cutting needed to separate the portion that will be removed from what will remain shall be included in the unit price(s) submitted. No additional compensation will be allowed for saw cutting.

MOBILIZATION

Mobilization shall be included in the unit price(s). No additional compensation will be allowed for mobilization.

TRAFFIC CONTROL AND PROTECTION

Traffic control shall be in accordance with the applicable sections of the "Standard Specifications for Road and Bridge Construction", the applicable guidelines contained in the "Illinois Manual on Uniform Traffic Control Devices for Streets and Highways", these Special Conditions, and any special details and Highway Standards contained herein.

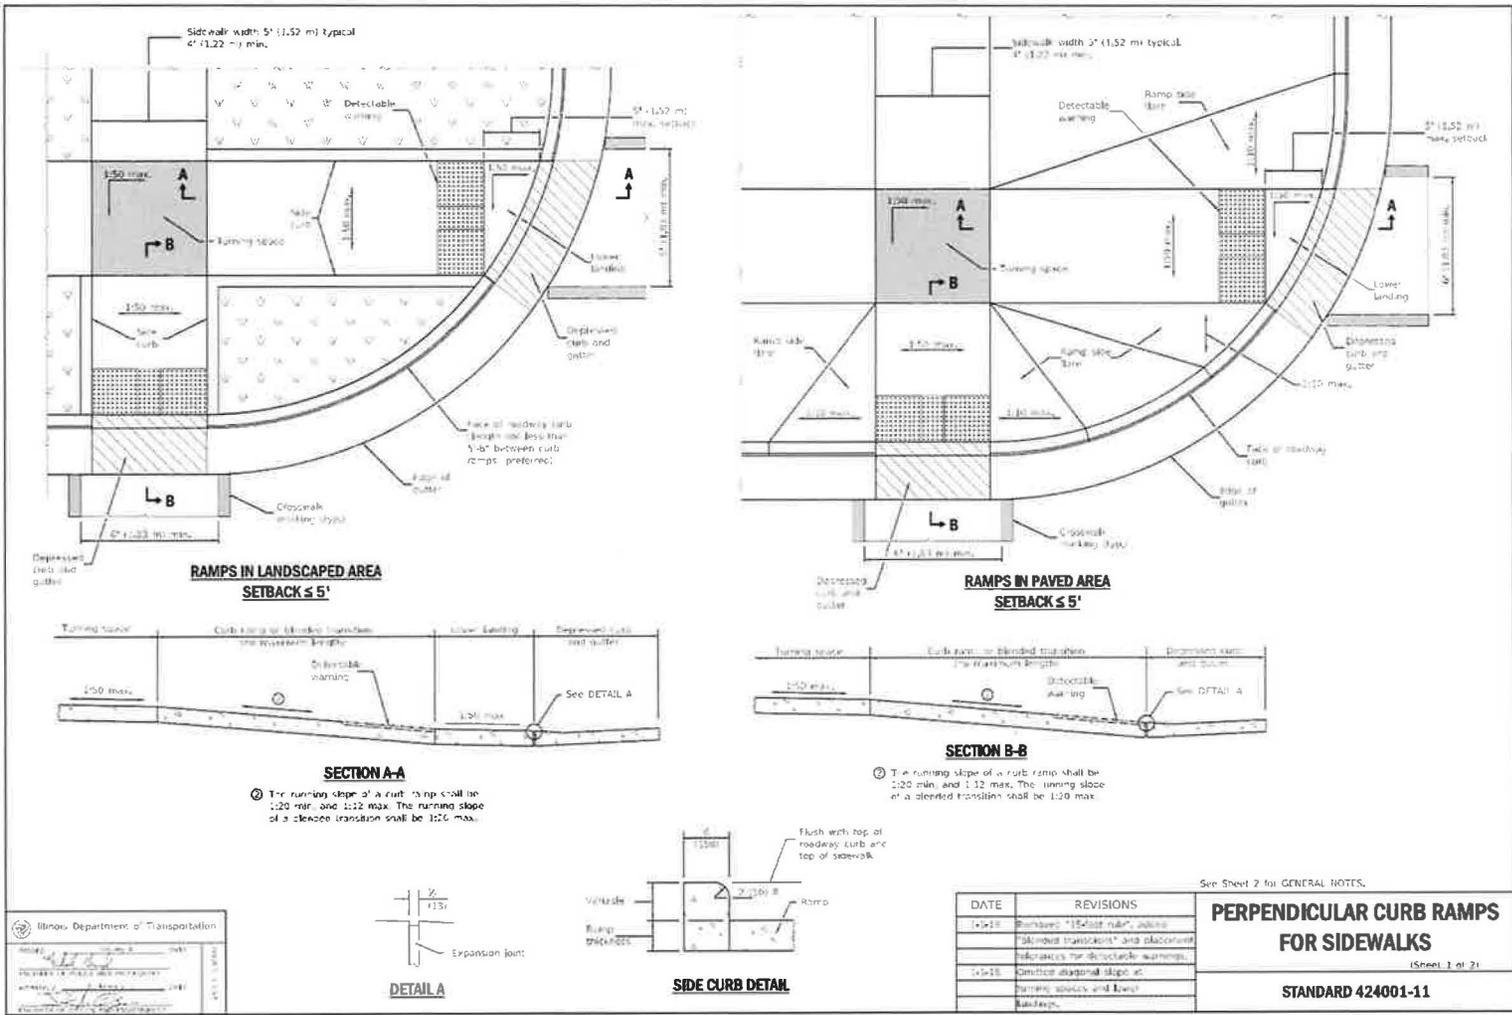

Special attention is called to Articles 107.09, 107.14, and Sections 701 and 702 of the "Standard Specifications for Road and Bridge Construction".

APPLICABLE IDOT STANDARD DETAILS:

424001-11	Perpendicular Curb Ramps for Sidewalks
424016-05	Mid-Block Curb Ramps for Sidewalks
424026-03	Entrance / Alley Pedestrian Crossings
701501-06	Urban Lane Closure, Two Lane
701701-10	Urban Lane Closure, Multilane Intersection
701801-06	Urban Lane Closure, Crosswalk or Sidewalk Closure
701901-08	Traffic Control Devices

An arrow board shall be required for all work on an IDOT route or right-of-way per IDOT standards. When working of State Routes, a minimum of 1 lane in each direction shall remain open to vehicular traffic, only closing the lane or lanes that are required to complete the work.

All traffic control and protection shall be included in the unit prices submitted. No additional compensation will be allowed.

① The running slope of a curb ramp shall be 1:20 min. and 1:12 max. The running slope of a sloped transition shall be 1:26 max.

② The running slope of a curb ramp shall be 1:20 min. and 1:12 max. The running slope of a sloped transition shall be 1:20 max.

See Sheet 2 for GENERAL NOTES.

SECTION A-A

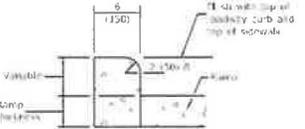

① The turning slope of a curb ramp shall be 1:20 min. and 1:12 max. The turning slope of a blended transition shall be 1:20 max.

SECTION B-B

SECTION C-C

SIDE CURB DETAIL

DETAIL A

GENERAL NOTES

All slope ratios are expressed as units of vertical displacement to units of horizontal displacement (V:H).

Where the turning space is constrained on a side opposite a ramp, the minimum length of the turning space in the direction of the ramp(s) shall be 5' (1.52 m).

When 1:50 maximum slope is shown, 1:60 is preferred.

Detectable warnings are shown in their usual locations but the following placements take precedence:

Side Curb - Detectable warnings should extend the full width of the walking surface including flared sides, but a center along curb side up to 2 in. (50 mm) in width is allowed.

Curb Stribank - Detectable warnings located at the back of curb should closely align with the curb but a gap up to 6 in. (150 mm) behind the curb is allowed.

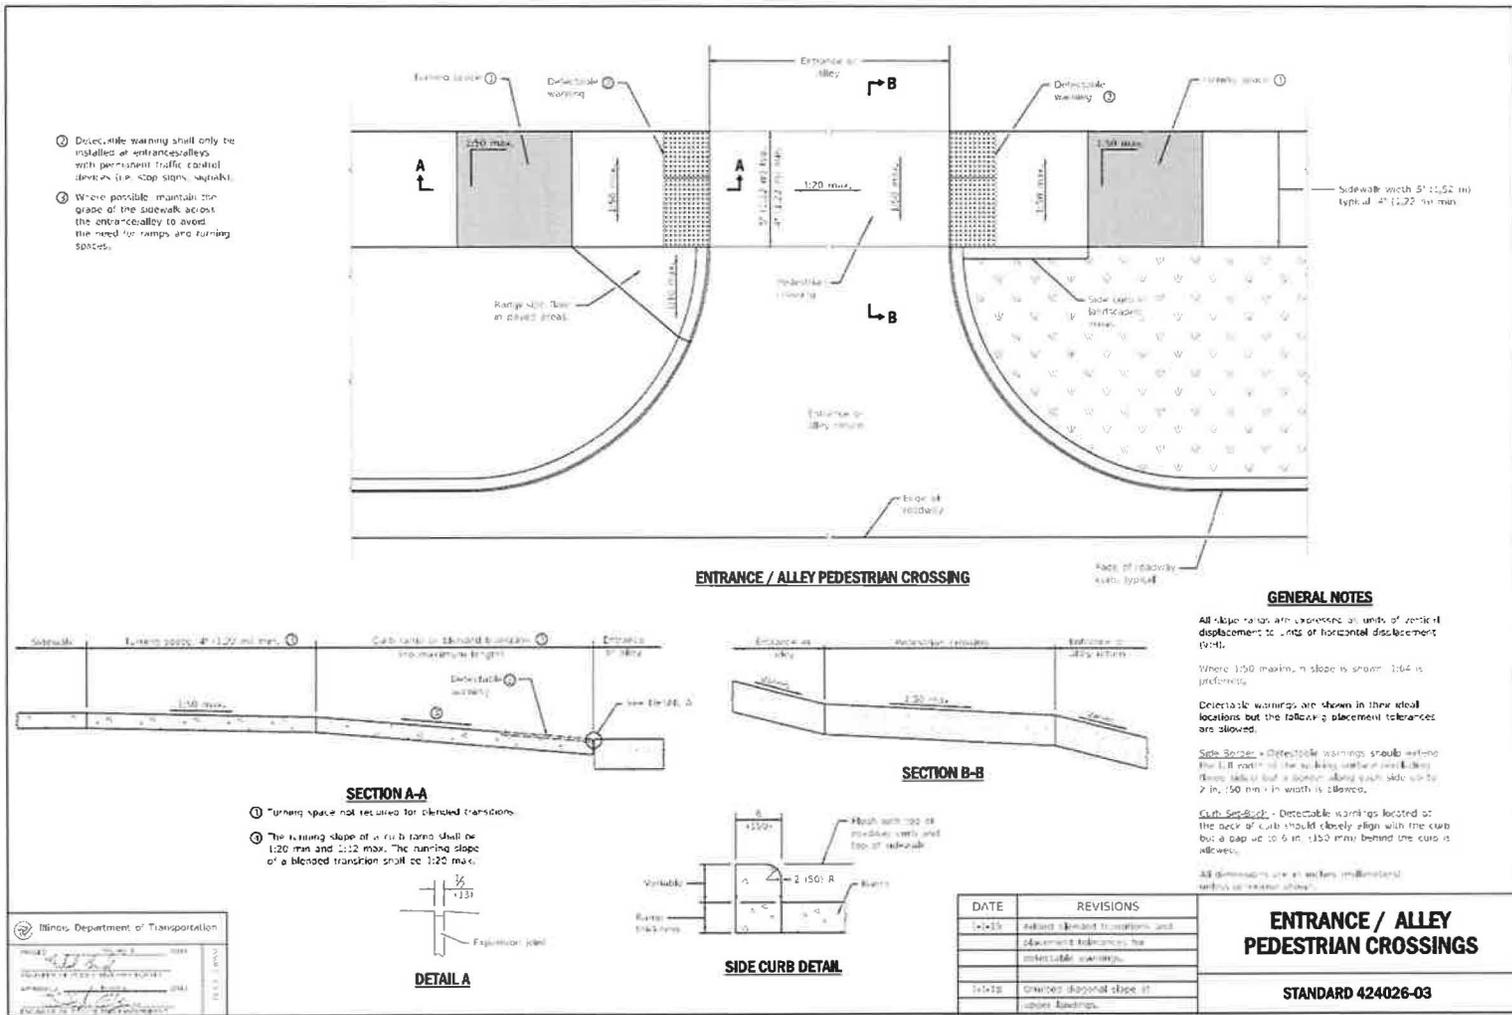

See Standard 026001 for details of depressed curb adjacent to curb ramp.

All dimensions are in inches (millimeter) unless otherwise shown.

MID-BLOCK CURB RAMPS FOR SIDEWALKS	
STANDARD 424016-05	

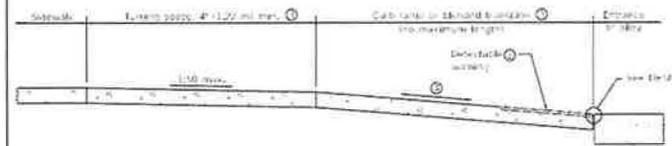

- ① Detectable warning shall only be installed at entrances/alleys with permanent traffic control devices (i.e. stop signs, signals).
- ② Where possible, maintain the grade of the sidewalk across the entrance/alley to avoid the need for ramps and turning spaces.

ENTRANCE / ALLEY PEDESTRIAN CROSSING

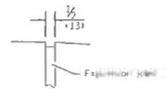

GENERAL NOTES

All slope ratios are expressed in units of vertical displacement to units of horizontal displacement (V:H).
 Where 1:50 maximum slope is shown, 1:64 is preferred.
 Detectable warnings are shown in their ideal locations but the following placement tolerances are allowed:
Side Border - Detectable warnings should extend the full width of the walking surface and be placed 2 inches (50 mm) in width tolerance.
Curb Top Border - Detectable warnings located on the back of curb should closely align with the curb but a gap up to 6 in. (150 mm) behind the curb is allowed.
 All dimensions are in inches unless noted within or next to notes.

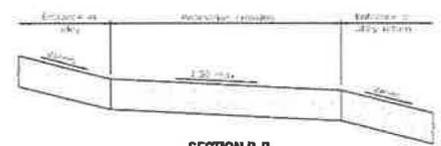

SECTION A-A

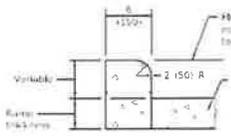

- ① Turning space not required for blended transitions.
- ② The running slope of a curb (top) shall be 1:20 max and 1:12 max. The running slope of a blended transition shall be 1:20 max.

STANDARD 701901-08

SP -35 SPECIAL PROVISIONS FOR INSURANCE

The coverage submitted shall be according to Article 107.27 of the Standard Specifications and Supplemental Specifications. The City of Geneva shall be listed as additional Insured:

- A. SAFETY: In accordance with generally accepted construction practices, the Contractor will be solely and completely responsible for conditions of the job site, including safety of all persons and property during performance of the work. These requirements will apply continuously and not be limited to normal working hours.

Nothing contained in these insurance requirements is to be construed as limiting the extent of the Contractor's responsibility for payment of damages resulting from his operations under this Contract.

Add to Article 107.27(b):

The coverage provided shall be sufficiently broad to insure the provisions entitled, "Indemnification," as discussed in paragraph "B" below.

- B. INDEMNIFICATION: The Contractor shall defend, indemnify, keep and save harmless employees, in both individual and official capacities, against all suits, claims, damages, losses and expenses, including attorney's fees, caused by, growing out of, or incidental to, the performance of the work under the contract by the Contractor or his Subcontractors to the full extent as follows by the laws of the State of Illinois and not beyond any extent which would render these provisions void or unenforceable.

PROPOSAL

The following proposal is hereby made to the City of Geneva, Illinois, hereinafter called the Owner.

Proposal is submitted in duplicate by GLOBE CONSTRUCTION, INC

The undersigned hereby proposes and agrees to furnish all the necessary labor, materials, equipment, tools and services necessary to perform 2023 SIDEWALK AND CURB MAINTENANCE PROJECT in accordance with the Specifications and procedural documents attached.

In submitting this proposal the undersigned declares that the only persons or parties interested in the Proposal as principals are those named herein and that the Proposal is made without collusion with any other person, firm, or corporation.

The Undersigned acknowledges receipt of the following Addenda.

<u>Addendum No.</u>	<u>Date</u>	<u>Initials</u>
_____	_____	_____
_____	_____	_____
_____	_____	_____

The Undersigned declares that he has examined the Contract Documents and is familiar with the local conditions at the site where the work is to be performed and with the conditions affecting the Contract and the requirements of the construction and understands that in making this Proposal he waives all right to plead any misunderstanding regarding the same.

The undersigned further agrees to begin work not later than 10 days after the issuance date of the notice to proceed unless otherwise provided and to prosecute the work in such a manner and with sufficient materials, equipment, and labor as will insure its completion by the completion date, it being understood and agreed that the completion within the time limit is an essential part of the Contract.

The undersigned hereby proposes and agrees to furnish all necessary labor, materials, equipment, tools and services necessary to perform 2023 SIDEWALK AND CURB MAINTENANCE PROJECT in accordance with the attached Specifications and Documents.
