PUBLIC WORKS DEPARTMENT MEMORANDUM

April 28, 2025

Memo To: Mayor Burns and City Council

From: Aaron Holton, Superintendent of Electrical Services

Re: FY2026 Distribution Transformer Purchases

The Electric Division has the need to purchase distribution transformers in various sizes (kVA ratings) and configurations throughout the fiscal year to replace stock transformers as they are used. For this year, instead of using a group purchasing program, staff advertised a bid for the various size and configurations of transformer that exist on our system.

10 suppliers responded to our bid, the summary of the bids are shown on the accompanying bid tabulation.

To evaluate the bids staff reviewed the bids and evaluated them first for completeness. One bidder, TRS Electric did not supply a completed Certification form and was thus disqualified. The remainder of the bids were evaluated on price and lead times and any exceptions that were submitted with the bid. Pulse MAC Solutions, Wesco Distribution Inc, ULS Corporate Inc and American Wire Group all failed to submit lowest prices for the various sizes. Amek ANS Inc. only submitted prices for pole mount transformers.

Staff also verified references on AR Transformers Inc and KLLLEN Group America as the City has no experience with the manufacturers these suppliers represent. The references were favorable from those that responded.

Both Border States Industries and United Utility Supply have included escalation and de-escalation clauses in their bid. While KLLLEN Group and AR Transformers did not specifically call out escalation charges, both manufacturers are foreign built and likely subject to tariff charges.

The four most complete, lowest cost and competent bids were from Border States Industries, KLLN Group America, AR Transformers Inc and United Utility Supply.

Staff Recommendations:

After careful and thorough review, staff is requesting **blanket authorization to purchase distribution transformers up to the FY 2026 budget amount from Border States Industries, KLLN Group America, AR Transformers Inc and United Utility Supply.** At the time of order staff will evaluate price and lead time and choose the vendor that can best meet our price and lead time requirements.
