Executive Summary:			
<p>In March 2005, the City initiated the East State Street Project with awarding a Phase I Study. This was followed at the January 22, 2013 City Council Meeting, when the City entered into a Professional Engineering Agreement with Bollinger, Lach & Associates, Inc. (BLA) to provide design services to complete the Phase II Design. This project was issued for bid with the lowest responsible bid in the amount of \$30,162,687.60 which has exceeded the Engineer's Estimate of \$24,200,000. Since this project has been awarded Federal and State grants, a Joint Funding Agreement (JFA) for Federally Funded Construction, as shown in the attached BLR 05310C form is necessary. While this JFA reflects the Engineer's Estimate, an amended JFA will be presented in the future for approval. The current Federal and State grant funding is \$15,062,522 with Geneva's responsible for \$9,137,478. An additional \$3 Million grant funding has been applied for and we are awaiting award announcement.</p>

The **LPA** shall cooperate fully in any such audit or inquiry.
- 3.5 **Failure to maintain the books and records.** Failure to maintain the books, records and supporting documents required by this section shall establish presumption in favor of the **STATE** for recovery of any funds paid by the **STATE** under the terms of this contract.

IV. LPA FISCAL RESPONSIBILITIES

- 4.1 To provide all initial funding and payment for construction engineering, utility, and railroad work
- 4.2 **LPA Appropriation Requirement.** By execution of this Agreement the **LPA** attests that sufficient moneys have been appropriated or reserved by resolution or ordinance to fund the **LPA** share of project costs. A copy of the authorizing resolution or ordinance is attached as Schedule 5.
- 4.3 **Reimbursement Requests:** For reimbursement requests the **LPA** will submit supporting documentation with each invoice. Supporting documentation is defined as verification of payment, certified time sheets or summaries, vendor invoices, vendor receipts, cost plus fix fee invoice, progress report, personnel and direct cost summaries, and other documentation supporting the requested reimbursement amount (Form BLR 05621 should be used for consultant invoicing purposes). **LPA** invoice requests to the **STATE** will be submitted with sequential invoice numbers by project.
- 4.4 **Financial Integrity Review and Evaluation (FIRE) program:** **LPA's** and the **STATE** must justify continued federal funding on inactive projects. 23 CFR 630.106(a)(5) defines an inactive project as a project which no expenditures have been charged against Federal funds for the past twelve (12) months. To keep projects active, invoicing must occur a minimum of one time within any given twelve (12) month period. However, to ensure adequate processing time, the first invoice shall be submitted to the **STATE** within six (6) months of the federal authorization date. Subsequent invoices will be submitted in intervals not to exceed six (6) months.
- 4.5 **Final Invoice:** The **LPA** will submit to the **STATE** a complete and detailed final invoice with applicable supporting documentation of all incurred costs, less previous payments, no later than twelve (12) months from the date of completion of work or from the date of the previous invoice, whichever occurs first. If a final invoice is not received within this time frame, the most recent invoice

- 4.6 Project Closeout: The **LPA** shall provide the final report to the appropriate **STATE** district office within twelve (12) months of the physical completion date of the project so that the report may be audited and approved for payment. If the deadline cannot be met, a written explanation must be provided to the district prior to the end of the twelve (12) months documenting the reason and the new anticipated date of completion. If the extended deadline is not met, this process must be repeated until the project is closed. Failure to follow this process may result in the immediate close-out of the project and loss of further funding.
- 4.7 Project End Date: The period of performance (end date) for state and federal obligation purposes is five (5) years for projects under \$1,000,000 or seven (7) years for projects over \$1,000,000 from the execution date of the agreement. Requests for time extensions and joint agreement amendments must be received and approved prior to expiration of the project end date. Failure to extend the end date may result in the immediate close-out of the project and loss of further funding.
