"THE GARDENS LOOK AMAZING THIS YEAR!" We cannot begin to tell you how often we heard this from people who walked by as we were gardening this year. As co-chairs of the Geneva Beautification Committee, this simple phrase warms our hearts and inspires us to build on our efforts. Yes, Mother Nature was on our side this year but we also couldn't have done it without over 100 volunteers who worked throughout the summer to keep their gardens looking "amazing." In addition, we added 5 new gardens to our family of gardeners and have received requests from others interested in adopting a garden bed.

We want to keep our town looking "AMAZING" but cannot continue to do so without the support from you and other community members. Our committee is totally self-funded and one hundred percent (100%) of your donation is used to purchase the colorful plants and various planting supplies needed each year.

We are asking for your support in order to maintain this program for the upcoming 2020 growing season. Please consider a donation to the Geneva Beautification Committee. No donation is too small! You may also donate online at www.plantgeneva.com. As a non-profit organization, your donation is tax deductible as provided by law.

We thank you very much for your consideration!
