Press Release - Update

Fabyan Parkway over the Fox River Bridge Improvement Kane County Section No. 17-00479-00-BR

The Fabyan over the Fox River Bridge is scheduled to reopen to traffic the afternoon of Friday May 22, 2020. The estimated time of reopening is approximately 5:00 pm, following the completion of pavement striping and removal of traffic control devices. Required punch list work will require temporary daily lane closures during non-peak hours in the coming weeks. Motorists are to be cautious and be alert for new lane configurations as well as equipment on the bridge and workers walking within the work zone during future work on the bridge deck. **The County thanks all of the persons affected by this bridge project for their patience and understanding as we completed this important bridge improvement.**

In regards to work in the coming weeks during non-peak hours, motorists should expect delays while traveling through the work areas and add additional time to their commutes. Motorists are asked to reduce their speed, watch for construction workers and vehicles entering or leaving the site, obey flaggers and comply with traffic control devices within the work zone. **A reminder – it is illegal for drivers to talk on a cell phone while driving through a highway construction work zone.**

Questions and concerns regarding this work may be directed to KDOT Chief of Construction, David Boesch at (630) 845-7875 or boeschdavid@co.kane.il.us.

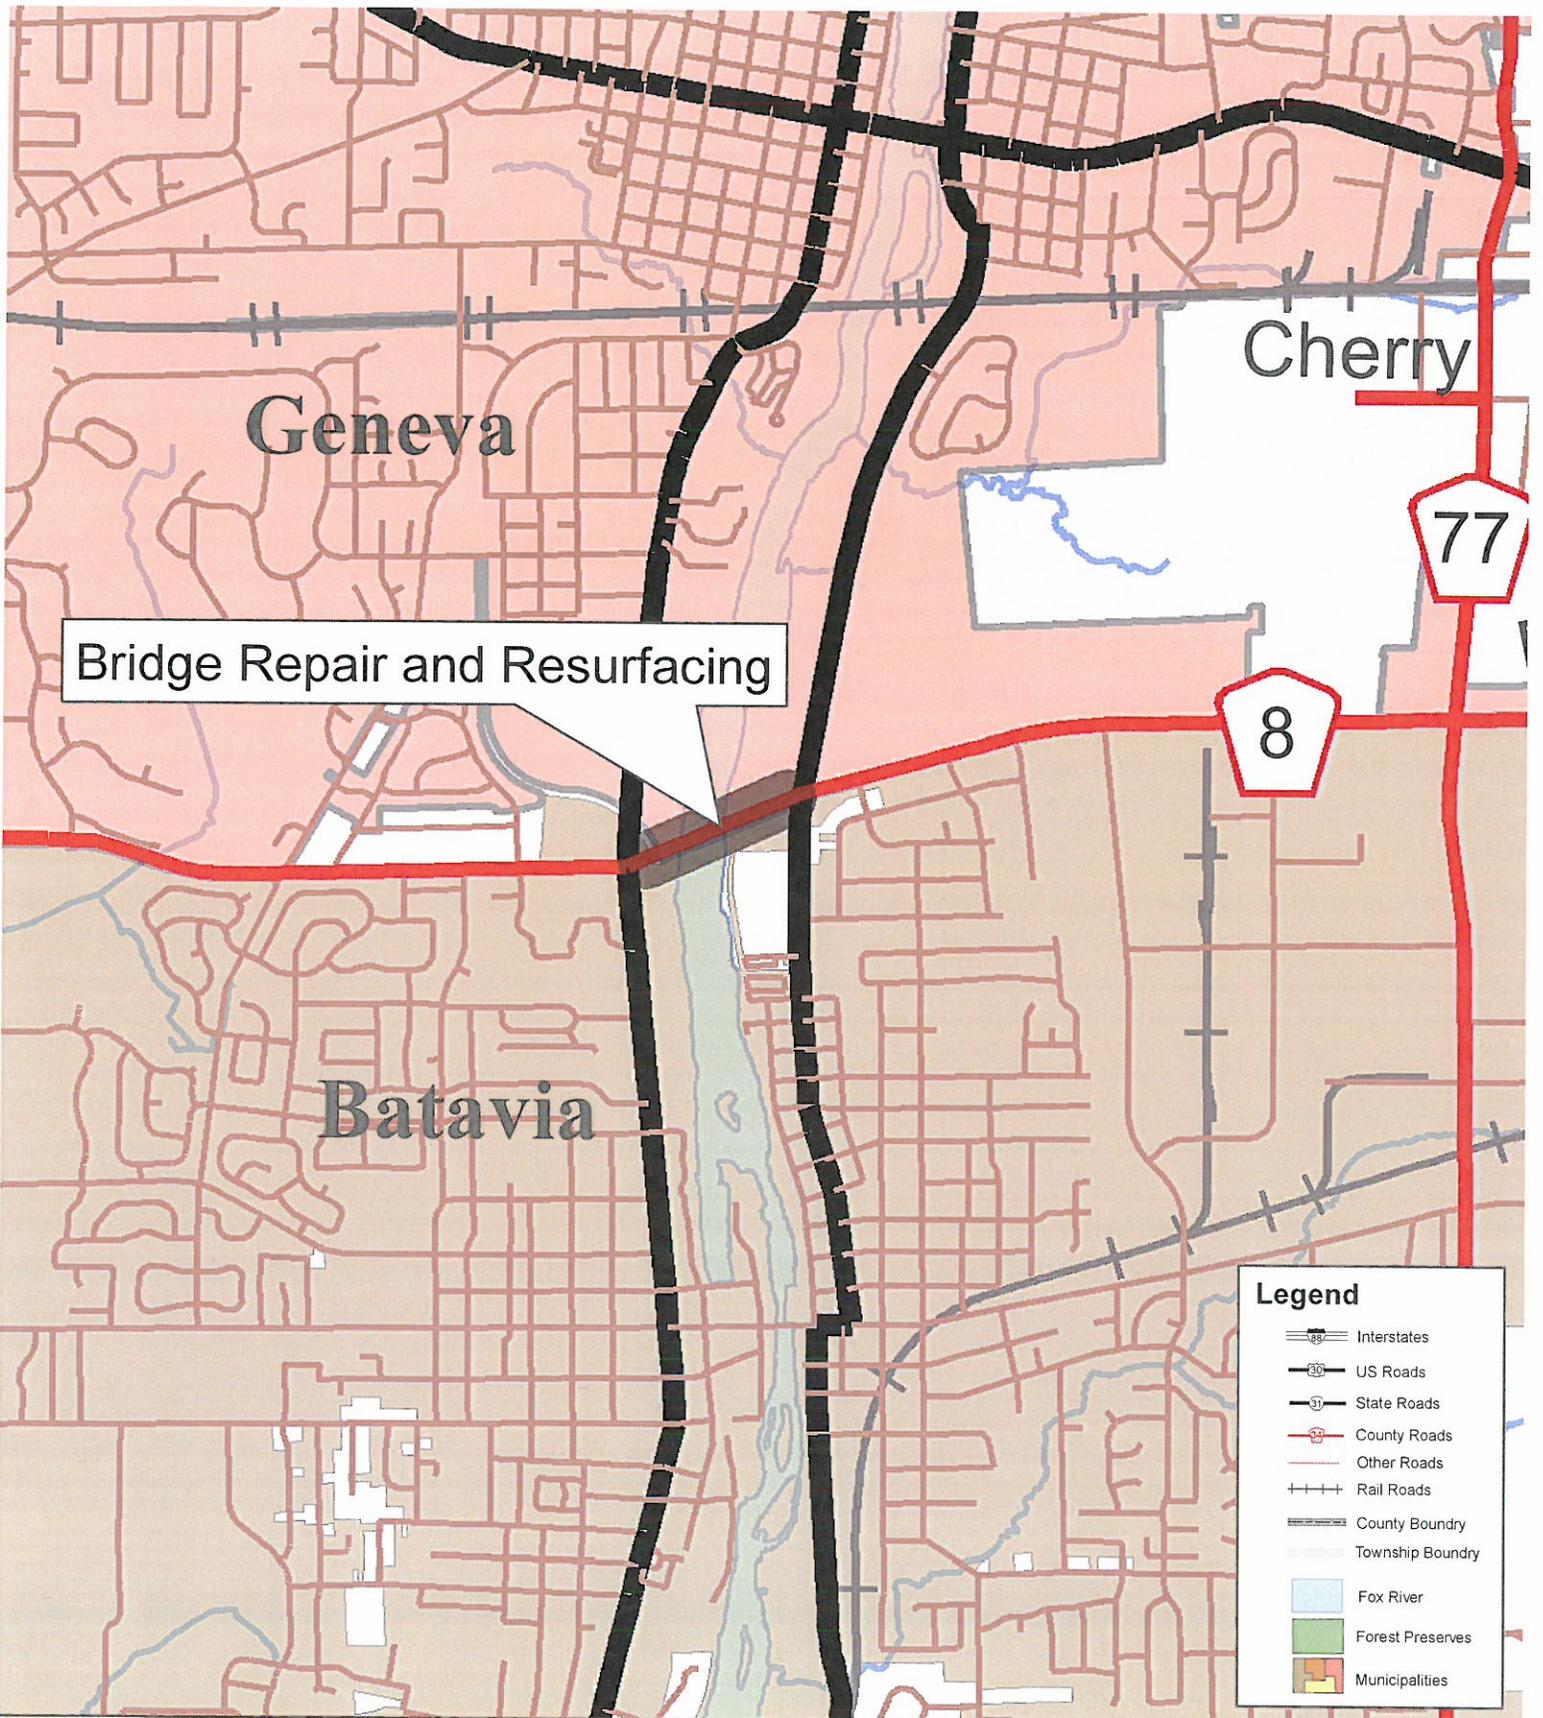

For all Kane County Traffic Advisories, see <http://www.co.kane.il.us/dot/trafficalerts/Default.aspx>.

Work Zone Safety Alert

Drivers in this project area should be prepared to reduce their speed, exercise caution, watch for construction workers and construction vehicles entering or leaving the site, and obey flaggers and other traffic control devices within the work zone. Drivers should expect delays and may want to add additional time to their commutes and consider the use of alternate routes while this work is completed. KDOT reminds drivers that is illegal to talk on a cell phone or text while driving through a highway construction work zone. The minimum penalty for speeding in a work zone is \$375.
