POLITICAL CAMPAIGN SIGNAGE REGULATIONS

The location of political campaign signs are regulated by City ordinances and State of Illinois law. Political campaign signs are permitted on private real property with the property owner's consent but political campaign signs are not permitted on any public property or right of way (See exception at paragraph Number 2 below).

1. If the private real property abuts a public sidewalk, the political campaign signs must be placed between the public sidewalk and the house or commercial building. If there are no public sidewalks, the property line usually can be determined by locating public utility equipment (fire hydrant, utility box, parkway tree). Such equipment will usually be located on public property.
2. On an Election Day, State law mandates that there shall be a "campaign free" zone within any polling place or within 100 feet of the entrance of the polling place. No electioneering or placement of political campaign signs shall be permitted within the "campaign free zone". The election judges are required to place 2 or more cones, flags or other markers to designate the "campaign free zone." Exception: If the polling place is a school or church, the school or church officials may elect to determine the entire school or church property as a "campaign free zone."
3. On an Election Day only, the area on the polling place property beyond the "campaign free zone", whether publically or privately owned, is a public forum for the time that the polls are open and persons have the right to engage in electioneering, including the placement of temporary political campaign signs, outside of the "campaign free zone." (Illinois Election Code 10 ILCS 5/7-41).

If you have any questions or concerns, please do not hesitate to contact the Office of Code Administration at (630)-262-0284. Any political campaign sign found in violation of the City ordinances or State law will be removed and held at City Hall for no more than five (5) days, after which the signs will be disposed of.
