

June 16, 2023

Dear Resident:

The City of Geneva is preparing for our annual Sidewalk and Curb Maintenance Program. You will notice that a portion of your sidewalk or curb has been marked with white paint, which means that section will be removed and replaced during this project.

The City's contractor is Globe Construction Inc., which is based out of Addison. Crews will be generally working from the southwest to the northeast side of Geneva.

**Weather permitting, we expect your concrete to be removed and replaced between Monday and Friday, June 26-30, followed by a five-day curing period.**

Please note this type of construction typically consists of several groups of workers. Typically the concrete is removed, forms are set, concrete is poured, and then the new surface is "finished" or smoothed out. Please trust the City is committed to delivering high-quality infrastructure.

More information regarding this project can be found under the "Construction Projects" link at the bottom of the City's website at [www.geneva.il.us](http://www.geneva.il.us). If you have questions, please feel free to contact me via email at [bdavids@geneva.il.us](mailto:bdavids@geneva.il.us). Please include your address and the details of your inquiry. You also are welcome to call the City's Public Works Department at 630-232-1501.

Your patience and cooperation are greatly appreciated during construction.

Very truly,

Brian Davids, P.E.  
City Engineer
